## Leeuwin 400 Community Day Sunday 30th October 2022

Leeuwin 400 is the Anniversary of the Leeuwin Voyage passing the Capes coastline 400 years ago. To be celebrated with a Community Day at Leeuwin Lighthouse, Taalinup/Augusta and a Maritime Stories In conversation event at Colourpatch Cafe.

A free and inclusive community event including Welcome to Country with Zac Webb, Commemorative Plaque unveiling by the Ambassador of the Kingdom of the Netherlands, Sea Shanty singers 'The Anchormen', photography exhibition, food and coffee vans, community art project, animal nursery, face painting, rope tying and reed rope making with Undalup.

Maritime Stories In conversation will be hosted at Colourpatch Café on Sunday afternoon and is a ticketed event. Shared stories of Dutch maritime exploration, history and Wadandi-Pibulmun. Facilitated by Bill Bunbury (Former ABC Presenter, Author and Historian) and special guests including Martijn Manders (Maritime Archaeologist for the Cultural Heritage Agency of the Netherlands), Iszacc Webb (Wadandi-Pibulmun Cultural Custodian), Jeremy Green (Maritime Archaeology WA Museum) and Nonja Peters (Historian).

Leeuwin 400 is led by a community working group consisting of Augusta Community Resource Centre, Augusta Community Development Association, Augusta Historical Society Inc, Shire of Augusta-Margaret River and Margaret River-Busselton Tourism Association.

### Cape Leeuwin Lighthouse

History has been made with the successful completion of a once in a century renovation of Cape Leeuwin Lighthouse.

The significant restoration works of the 127-year-old lighthouse were undertaken by the Australian Maritime Safety Authority (AMSA). They were vital to sustain the heritage value of the site and ensure its longevity as a marine safety aid and culturally-significant tourism destination.

A multi-faceted team of specialist engineers and tradesmen meticulously removed, restored, and reinforced segments of the lighthouse over 12 months, retaining its much-valued historic importance as the tallest lighthouse in mainland Australia.

In celebration of Cape Leeuwin Lighthouse's big reveal, visitors will be offered free access to the lighthouse grounds and Interpretive Centre on 29th and 30th of October.

An official plaque unveiling, celebrating 400 years since the Dutch ship Leeuwin encountered the south-west coast of Western Australia, will also take place on 30th of October. The voyage of the Leeuwin carries significance as the first-recorded European mapping of this coastline that has been the home of Aboriginal peoples for 60,000 years.

Lighthouse grounds are open at 8.45am until 4.30pm. If the internal restoration of the tower is complete, then guided tours will run every half an hour from 9.00am until 4.30pm.

Further information on this special event will be made available closer to the day on our Facebook page.

## The Australian Fire Danger Rating System

From 1 September 2022, Western Australia has a new Fire Danger Rating system as part of a national project to ensure Fire Danger Ratings are communicated the same way, no matter where you are in Australia.

Fire Danger Ratings describe the potential level of danger should a bushfire start. They provide important information so you can take action to protect yourself and others from the potentially dangerous impacts of a bushfire. You need to understand the Fire Danger Rating to assess your level of bushfire risk and decide what actions to take.

### What to do

Learn the four levels of Fire Danger Ratings and the actions you should take at each level – see the attached fact sheet. Check the Fire Danger Rating each day at emergency.wa.gov.au

You should also monitor Emergency WA for bushfire warnings.

Ensure your bushfire plan is adaptable for the different levels of fire danger.

Your plan might include triggers at a High Fire Danger Rating.

Even if your property is very well prepared, homes cannot withstand fires in catastrophic conditions and it is too dangerous to stay.

For further information about preparing for bushfire, go to [dfes.wa.gov.au/bushfire](https://dfes.wa.gov.au/bushfire)

To create or review your bushfire plan go to [mybushfireplan.wa.gov.au](https://mybushfireplan.wa.gov.au) or download the app.

Tai Chi Qi Gong.

Qi gong (pronounced chee gung), an ancient practice (4000yrs) based on the principles of traditional Chinese medicine, which focuses on balancing your body's energy (or qi) for optimum health. Unlike yoga, in which postures are held for a certain period of time, qi gong is all about flow, continuous movement. Gradually, you learn to silence the thinking mind and use it to guide the breath, which in turn guides the movements. Can be a moving meditation. Thanks to its gentle, low impact nature, tai chi qigong, is suitable for people of all ages and all fitness levels.

The Community Garden Committee would like to remind members that the Augusta Community Garden Annual General Meeting is to be held at the Uniting Church on Monday 7th November at 11am. Membership renewals are now due.

Financial members may vote for new Office Bearers and Committee at AGM.

## Climate For Change

### Climate action is a conversation away

Climate Conversations are in-home, facilitated discussions which aim to bring about effective action on climate change through the power of ordinary Australians. We need your help to launch this model in the Shire of Augusta Margaret River.

From October, we will be training facilitators, who will run these transformative discussions. You don't need any experience - just passion, commitment and drive. This is an ongoing volunteer role - we want to build a strong community/team of facilitators that together will inspire hundreds of people to stand up on climate change.

We are also looking for generous hosts who will kick off the initial Climate Conversations by inviting their friends and family around for a meal. This is a one-off commitment, but hosting multiple Conversations for different groups of your peers will help us greatly.

Jump on the Shire's website for more information and to sign up: <https://www.amrshire.wa.gov.au/climate-conversations>

## Staff Profile

### Meet James Taylor Manager of Works

#### What does a typical day at work look like?

Early morning coffee, then it's prioritising all the actions waiting on me. I oversee the maintenance and works programs at the Shire, working to find and secure resources and people to keep the infrastructure operational. The Shire caters for more than its share of tourism in peak construction time so scheduling is always a challenge. Local land development is surging, as a result we're regularly dealing with staffing challenges, contractor availability and pricing issues.

#### What is the best part of your job?

Love working in and for the community. In my previous career I was working for corporates where priorities always boil down to profitability – I love that the works team at the Shire make it a priority to continually improve our works practices to get more out of a dollar, reduce waste and make sure people can enjoy the environment around them.

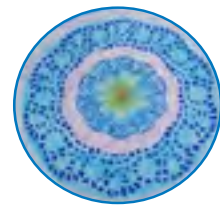

#### What do you love most about Augusta?

Augusta still has the small town feel that I cherish growing up in. I joined the local volunteer fire and rescue brigade a couple of years ago and I've loved hearing the rich history of the town first hand from the veterans that continue to serve the community there. Love Hamlin Bay, the cape and getting in the water, but don't get in there enough! Playing for the Abalones last year was great, but this year I added to my waistline not helping with their score line, hope to get back into shape now for a kick or some cricket!

## FIREBREAK NOTICE 2022-2023

BUSH FIRES ACT 1954

The following Notice is hereby given to all owners and/or occupiers  
of land within the Shire of Augusta Margaret River

PURSUANT to the powers contained in Section 33 of the Bush Fires Act 1954, you are hereby required and therefore ordered by the local government to carry out fire prevention work in accordance with the requirements of this Notice, on or before **30 November 2022**, and maintain the requirements up to and including **12 May 2023**, except for APZs which must be maintained all year round.

### Inspections, appointments, education, and compliance

Owners and occupiers who would like an early inspection by appointment, for reasons including biosecurity, locked gates, and dangerous animals, or for explanation on the requirements of this Notice, should contact Rangers as soon as possible and by no later than **1 November 2022**. Where inspections by appointment are not requested, Rangers are appointed as Bush Fire Control Officers with the power to enter land under the *Bush Fires Act 1954* and will be inspecting properties for compliance without further notice from **1 December 2022**.

People who do not comply with this Notice or a Variation to this Notice may be issued with an infringement Notice (\$250) or prosecuted with a penalty up to \$5,000. The Shire of Augusta Margaret River may carry out the required work on the land at cost to the owner/occupier.

### Requirements of landowners and occupiers

1. All landowners/occupiers must carry out fire prevention work in Part A of this Notice.
2. Owners/occupiers of Residential and Rural/Residential lots 4001m<sup>2</sup> and over must comply with the requirements of Part A and Part B.
3. Owners/occupiers of Rural lots (excluding plantations, vineyards, orchards, and olive groves) must comply with the requirements of Part A and Part C.
4. Owners/occupiers of Plantations, Vineyards, Orchards and Olive Groves must comply with the requirements of Part A and Part D or E depending upon the land use.

### Variations to the requirements of this Notice

Where compliance with the Firebreak Notice is not practical due to environmental considerations or site-specific constraints such as water course or steep gradients, owners may apply to the Shire of Augusta Margaret River for a **Variation to the Firebreak Notice**. Variations must provide an alternative means of meeting the objectives of the Notice, including bushfire risk mitigation and property access, taking into account site-specific constraints and advantages and not all properties will be able to accommodate Variations. Applications must be completed on the approved form, which is available upon request or can be downloaded via the Shire's website. Applications for a Variation have a \$30 fee unless they are submitted before **1 November 2022** in which case, they are processed free of charge.

### A. REQUIREMENTS APPLYING TO ALL PROPERTIES IN THE DISTRICT OF AUGUSTA MARGARET RIVER

#### 1. Asset Protection Zone (APZ)

Means the area of land within 20 metres from the external walls of any habitable building. The fuel loading (flammable material) in the APZ is to be reduced and maintained to less than 2 tonnes per hectare. Trees must not be closer than 2 metres to a building, and trees must not overhang a building within 4 metres of the external roof. **APZ requirements apply to all properties (excluding vacant lots), regardless of size, and must be maintained all year round.**

#### 2. Bushfire Management Plan

Means a plan prepared in satisfaction of a development approval or subdivision condition. Properties subject to an approved Bushfire Management Plan must comply with the requirements of their plan in addition to the requirements of the Notice. *Please note – At the Shire of Augusta Margaret River's discretion, Variations may recognise alternate methods and requirements for compliance in an approved Bushfire Management Plan.*

#### 3. Driveway/Access way

Means the access route from the road to your main dwelling. This should be a minimum of 4 metres wide with a minimum 4 metre vertical clearance to allow emergency vehicles to access your property.

#### 4. Firebreak

Means an area of land that has been cleared of all trees, bushes, grasses, and any other object or thing which may be flammable, leaving a bare surface to a width specified under the requirements in Parts A, B, C or D with a 4 metre high vertical clearance. Where a Firebreak is required to be 'trafficable' under this Notice, it must be a firm, stable surface capable of allowing a 4WD fire appliance to enter, exit and turn any corner (10m radius) without reversing. 2 metre wide firebreaks are required around all piles of garden refuse and/or wood stacks, fuel and fodder.

#### 5. Gutters and rooftops

Gutters and rooftops are to be kept free of excessive twigs, leaves and plant material.

## B. ADDITIONAL REQUIREMENTS APPLYING TO RESIDENTIAL/RURAL RESIDENTIAL LOTS 4001M2 AND OVER:

### 1. Firebreak Requirements

- 3 metre wide trafficable firebreaks within 10 metres of all boundaries.

### 2. Grasses slashed/mowed to less than 10cm

- Vacant/cleared land that is not being actively grazed.

## C. ADDITIONAL REQUIREMENTS APPLYING TO RURAL LOTS (EXCLUDING PLANTATIONS, VINEYARDS, ORCHARDS AND OLIVE GROVES):

### 1. Firebreak Requirements

- 3 metre wide trafficable firebreak required within 100 metres of a boundary that abuts a road reserve.
- Where land is actively grazed or maintained to less than 10cm, the firebreak within 100 metres of a boundary that abuts a road reserve may be reduced to 2 metres.

### 2. Grasses slashed/mowed to less than 10cm

- Vacant/cleared land that is not being actively grazed.

## D. ADDITIONAL REQUIREMENTS APPLYING TO PLANTATIONS:

### 1. Firebreak Requirements

- 10 metre wide mineral earth firebreak around each cell or block – 3 metres must be trafficable.

### 2. Grasses slashed/mowed to less than 10cm

## E. ADDITIONAL REQUIREMENTS APPLYING TO VINEYARDS, ORCHARDS AND OLIVE GROVES:

### 1. Firebreak Requirements

- 5 metre wide mineral earth firebreak around each cell or block – 3 metres must be trafficable.

### 2. Grasses slashed/mowed to less than 10cm

*Please note - Rangers may exercise discretion where owners and occupiers have engaged with the Shire and can demonstrate that they have taken active steps to comply with this Notice.*

To my dear customers and friends,

As you may have heard, after nearly 20 years as your community pharmacist, I have made the difficult decision to sell the Augusta Pharmacy. The pharmacy will change hands from mid-October.

One of my pharmacists, Nicole

(Nicky) Yates in partnership with pharmacist Tina Jolly, will become the new owners. This will be an exciting next chapter for the pharmacy.

For Wayne and me, it is time to take a break. As many of you will remember, we first moved to Augusta in 1995 as partners in the Augusta Bakery (along with our good friends Gerhard and Jocelyn Tischner). During that time, I continued to work occasionally as a locum pharmacist at the Augusta Pharmacy. In 2003 we sold the bakery and I bought the pharmacy from Alan Rummer. Since then, the business has continued to grow and expand and in 2017 we moved the pharmacy premises from 81 Blackwood Avenue to 87-89 Blackwood Avenue.

In more recent times, an already busy pharmacy has had to contend with the COVID-19 pandemic complexities, electronic prescriptions have become the norm and our

services have expanded to include vaccinations.

I have always endeavoured to meet the needs of our community and I am indebted to my hard-working and loyal staff who have been part of my journey and with whom I could not have operated the pharmacy. I thank them enormously. And of course, Wayne, for his coping ability, hard work and never-ending support!

It has truly been a privilege to serve the Augusta and Districts Community. I leave with many great memories and friendships. Thankyou!

Over to you now, Nicky.

Sincerely,

Beth Louise Hastie

## Leeuwin Lines

At the first Dinner meeting

in September, Christine and Amy Bairstow representing the "Mystery Box Rally" gave a Powerpoint presentation on their outrageous fun-filled rally which began and finished in Port Lincoln.

They raised an amazing \$10,538 themselves with the total raised for the 130 cars coming to \$1.18 million!

Further, it was announced that WINNERS of 'Best Team Theme' for Mystery Box Rally 2022, was Amy and Christine from Team Space Oddity!

Said the Bairstows, "We were stoked to win Best Team Theme, especially as there were so many good ones to choose from. So why dress up? One of our donors said it well. His family has gone through so much because of cancer, and he said it's refreshing that the rally brings something positive to what's so often a challenging and negative experience. And really – who doesn't love a costume?"

Chris and Amy thanked the Lions Club for their very generous donation of \$2,500. All funds raised go to the Cancer Council.

### Karridale Primary School Presentation

Recently Lions Youth Chairman Mike Walker presented a cheque for \$1,000 to the Karridale Primary School for funds to be put towards the year 4, 5 and 6 camp along with a load of firewood to be raffled. Both staff and students were most appreciative.

Student Saxon O'Shea, Teacher Natalie Mulvey, Lion Mike Walker and Principal Fiona McCormack

### Superkids, Superheroes

Superkids – Superheroes will once again be visiting Augusta on Thursday 20th October 2022. They will be visiting the Primary School at around 12.30pm before having lunch at the Augusta Hotel at around 1.30pm.

Lions have been pleased to host this intrepid country group for the past 7 years on their visit to Augusta as part of the journey from Perth to Bridgetown via towns and detours in between.

Rain, hail or shine they have made the trip each year for kids cancer support. As a group they are a colourful, cheerful band of volunteers. Including some parents who have tragically lost kids to cancer who wheel into town on motorised scooters FUNraising along the way.

Much needed funds are raised for this very worthy cause, after all, who could refuse Superman or Batman or the likes!!

### Lions Club of Leeuwin explores Twinning Club Status

The Lions Club of Leeuwin was so named because the founders of the Club at the time felt that this would better represent its area of influence for all. Apart from the town of Augusta, members of the Club also came from the surrounding districts of Kudardup, Karridale, Alexandra Bridge and Forest Grove, and all could embrace a name that represented the most south-westerly cape in Australia close to the district in which they lived.

Continued overleaf

In order to pursue a meaningful involvement for the 400th year celebrations of the naming of Cape Leeuwin by the Dutch vessel "Leeuwin", the Lions Club sought to locate a kindred club in Holland from where the "Leeuwin" sailed.

Through good efforts of our International Director Tim Irvine, contact was established with the Lions Club of Texel who have responded with a very welcoming reply as follows:

Via the Lions network your e-mail got to my attention. Thank you for reaching out and sharing this great historical story which connects us either way! I have the honor to serve as President 22-23 of Lions Club Texel, the Netherlands. Established in 1977, Lions club Texel serves the local community and supports several local, national and international charities, focusing on youth and cultural initiatives. Currently we have 31 male Club members.

For your perspective: Texel is an island about 1 hour driving north from Amsterdam (plus 20 minutes by boat) and comparable sized with our national capital city. It has a lengthy nautical history which still is an important part of our island culture and identity. For example our museum "Kaap Skil" (<https://kaapskil.nl/en/>) tells the complete story of the 16th and 17th century when Texel was for ships the place to load, unload and wait for favourable winds. Also in our Club several (former) fishermen and nautic related members are involved and embody the island identity.

It would be a great honor for our Club to find out in what way we can collaborate together and support you in celebrating the 400th anniversary of the Dutch Sailing Ship 'Leeuwin'. Meanwhile, waiting for your reply, I will discuss this extraordinary request with my fellow board members (in copy) and pre-announce your reach out during our next Club meeting Thursday next. Kind regards from our beautiful Dutch island,

Frank Spooren  
President Lions Club Texel  
the Netherlands

Further dialogue is currently underway and it is hoped that a joint presentation may be able to be prepared in time for announcement on 30th October 2022, which is the community day of celebrations at the Lighthouse.

**"Leeuwin" Sail Training Ship**

Lions Club are pleased to announce the successful applicants for the 22/23 year sail training voyages are Will Dallimore and Kit Howitt.

They are booked to sail 4-8th January 2023 and the club wishes them both "Fair Weather and Fair Sailing".

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
<b>Kambarang (October – November)</b> The Noongar Season 'Kambarang' is represented by the colour yellow as it symbolises the return of the hot weather. During Kambarang season,we see an abundance of colours and flowers exploding all around us. The yellows of many of the acacias continue to abound, along with some of the banksias and many other smaller delicate flowering plants including the kangaroo paw and orchids. During this time the balgas will continue to flower, especially if they've been burnt in the past year or closely shaved. One of the most striking displays of flowers to be seen during this season will be the moojar, or Australian Christmas Tree (Nuytsia floribunda). The bright orange-yellow flowers serve to signal the heat is on its way. October is also the most likely time of the year that you'll encounter a snake as the reptiles start to awaken from their hibernation and look to make the most of the warm to assist them in getting enough energy to look for food. It's also a time that many young families of birds will be singing out for their parents to feed them. Koolbardies (magpies) will be out protecting their nests and their babies. Many things are undergoing transformation with the warm change in the weather and longer dry periods accompany a definite warming trend <b>Source:ECU</b>					<b>1st</b> Roller Skate Workshop - see pg 9  Pink up Augusta - see pg 5  School Holidays	<b>2nd</b>    School Holidays

## WHAT'S INVOLVED IN BECOMING A CRC COMMITTEE MEMBER- General Meeting

The Augusta Community Resource Centre is a major town and regional hub. It is part of a 130 member network within Western Australia and works closely with many groups and organisations.

The Augusta CRC will be holding its Annual General Meeting in November, and will be running a General Meeting for anyone who may be interested in joining our Management Committee. Or, anyone who just wants to learn about what it means to be a part of this Community and Business facility. Whether you just want to learn more about the CRC, or would like to volunteer for the various workshops and events run and organised by the CRC, you are welcome to join us for an informal catch-up and cuppa.

## On behalf of Cinefest Oz

Another sell-out success for Augusta's Premiere Opening night for CinefestOZ: 'Unravelling' - hosted by The Augusta Community Resource Centre.

The film followed the path of a young couple shifting to the Byron Bay region from the city to live the dream while enduring personal, creative, and psychological tests that begin to undermine the relationship.

60 + guests enjoyed finger food, Forrester Wines and Shelter Brewery Beer as they mingled with Director, Darius Devas and co-writers and lead actors, Cazz Bainbridge & Duncan Ragg who travelled from Byron Bay and other NSW coastal towns for the World Premiere.

Paul Sofilas once again emceed the evening brilliantly including an engaging Q&A session with the movie crew following the screening.

A thank you to Augusta CRC's staff who once again volunteered their time for the event and extras Mark and Grant who manned the bar.

Four-hundred years ago, in March 1622, the Dutch ship Leeuwin encountered the south-west coast of Western Australia—the first recorded sighting of the area by Europeans. Known to the Wadandi Noongar people as Doogalup, the Dutch named it 't'Leeuwin's Landt', or 'Leeuwin's Land'.

Lighthouse Day on 20th and 21st August went well. We met many interesting travellers who braved a wet and windy weekend to visit and enjoy the views at the lighthouse. Thanks to the weather, our beanies and scarves were very popular.

We wished Rose a happy special birthday in September. Birthday cake and afternoon tea were provided to celebrate the occasion after our monthly meeting.

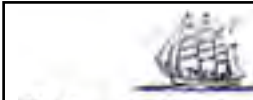

Hurray!!! We're going to friendship day in Busselton on 12th October. It will be good to catch up with the other spinners in the area again after what seem like such a long time and to see all the wonderful creations everyone has been working on.

Due to the success of the last needle felting workshop, Vicky has organized another workshop on the 21st September. The theme for this workshop is Australian birds. Looking forward to seeing the finished items. We are looking forward to having our Easter

exhibition next year. Planning is progressing and we are already working on the prizes.

We meet Tuesday 10.30 – 4.00pm and Thursday 7.00 – 10.00 pm in the club rooms at the Centennial Hall. All welcome.

Hello and welcome to a rough and windy start to Spring!! The Augusta Historical Society had our AGM on Thursday 15th September followed by a General Meeting. Thank you to all who attended and to those who have taken on the various committee appointments. Looking forward to working with you all.

At the AGM it was an honour to nominate Graeme and Peta Davis for Life Membership with a resounding yes from all in attendance. Certificates will hopefully be presented at our next General Meeting. Peta and Graeme have been stalwart supporters of the Society and the Museum and have put in many, many hours behind the scenes to keep us going. I hope you all agree it is well deserved.

Please be aware there will be a Commemoration and Unveiling – LEEUWIN 400 – at the Lighthouse on Sunday 30th October as part of a community day to recognise our connection and heritage with Dutch explorers of the past.

(I love reminding people that Leeuwin is a Dutch name put on part of Australia by an Englishman!!)

We hope to have speakers at some of our meetings in the future, but also hope to revisit some of our records to refresh our memory of what we have in our Treasure Trove of items and information.

We would love to hear from you if there is a subject, or a speaker you would like to hear, and we would also like to hear from some of our locals. We all have a story to tell. As current events show, we seem to be living in interesting times.

How often are we asked, "Where were you when that happened"?

NEXT MEETING: - Thursday 20th October 7pm.

Hope to see you there. Bring a friend, or see if someone would like a lift.

The Augusta Tennis and Croquet Club play all year round but it is spring when it is most enjoyable.

Players tend to return after travelling to warmer climates and locals decide that it is time to get a bit of exercise into their daily lives after winter.

Regular players also enjoy the change of season as warmer weather seems to bring out the best in not only their attitude but also their skillset on the courts.

This is also the time when the committee set out the functions for the next few months.

The Club not only provides members and visitors the opportunity to improve their tennis ability but also be involved in some fun functions such as the Melbourne Cup bash at the hotel, a Christmas lunch and various in house parties and competitions. Add those to every Wednesday and Saturday game days and you have the perfect club to enjoy and socialise in.

Non-playing Social members are welcome to come to our functions and game days.

The Augusta Tennis and Croquet Club has a covered facility where our inhouse functions take place. This ensures that any visitors, social members and full members can participate in the evenings during our warmer months. Nothing quite beats a BBQ on a balmy Augusta evening.

This month we also welcome back, after some ill health, Peter and Sheila Austin, a couple of social members who have come to epitomize everything that is fun and friendly about our club. Peter and Sheila have been a couple for over 60 years and retain their zest for life.

New members and visitors are welcome to attend our Club days Wednesday and Saturday between 2 and 5pm

The two skiffs have now completed two years of service still being rowed regularly a couple times per week – weather permitting and when people aren't travelling. The skiffs haven't sprung a leak, hit a rock or river markers, or broken any oars – they have run-around a few times on sandbars but remain in sound condition.

Modifications have been done to footrests, and the shorter 2nd hand cleaver blade oars have been replaced with new longer Crocker Macon blade oars – to everyone's approval.

Rowing from the Yacht Club in West Bay has been excellent for accommodation of the skiffs, being welcomed by the sailing fraternity, participating with them in various events. The location is ideal for alternative water to row on when the wind gets up!

A few memories of the Launch Day two years ago on the Queen's Birthday Long weekend:

**Upcoming events for the diary – (without getting too far ahead!)**

- Sunday 9th October – Opening of Sailing Season – Row past
- Sunday 30th October – Leeuwin 400 – Skiffs on display at Leeuwin Lighthouse
- Saturday 5th November – Launch of Denmark Skiffs – full details yet to come

- Weekend of 11-13th November – ANA rowers visit to row our skiffs
- Friday 25th November – Our AGM followed by social event – details to come
- Friday 16th December (?) – Delivering of Father Xmas to Christmas Carols
- Saturday 28th January – Augusta Skiffs Regatta / Marges Cup

Also included will be the launching of the Nannup Skiff built by the Nannup Men's Shed.

The building of the Acorn is progressing a little slower than expected – whilst dealing with a few challenging issues with the internal fit out, the morning teatime discussions seem to be getting longer – noted that there has been a couple of 'jubilee twists' appearing of late – there was over 200 jubilee twists consumed during the building of the two St Ayles Skiffs.

An invitation to join the St Ayles Skiff Association of Australia has been accepted for a modest fee. The reason for joining is firstly to keep in contact with other skiff associations and secondly, by being a member, it provides for a significant saving in public liability insurance. There will an occasion when the Australian championship will be held here in Western Australia, most likely as part of the Albany Bicentennial in 2026.

Those interested in rowing and /or becoming involved in wooden boat building please do not hesitate to contact us (0400 750967) – interest from groups and organisations is most welcome – age, fitness or skill levels are not barriers to rowing these amazingly easy to row boats. The Augusta River Festival is Back! Save the Date! Sunday 5 March 2023 The Blackwood Regatta has been an iconic highlight of the Augusta River Festival for many, many years.

The regatta was a bonding experience where family and friends worked together, firstly by collecting materials for constructing the water-going vessels. Then there was the time, in some cases even years, spent perfecting the details and features of the water-craft, making adjustments to create a faster or more agile craft. Finally, there was the race itself on the beautiful Blackwood River, which saw competitors young and old test their creations' buoyancy and then paddling and maneuvering vessels through the course without falling off or having the vessel fall apart.

The Blackwood Regatta event has a very rich history at our festival. However our world is ever changing and we are becoming increasingly aware of the impact our actions can have on the environment and waterway which is the very basis for our festival's celebrations.

In the past, the regatta drew our attention to a "reuse" message, which at the time was an adequate way of dealing with our households' can, bottle and carton rubbish and giving it another purpose before it eventually ended up in landfill. These products of cans and bottles are now able to be "recycled" and locally with our festival supporters at the Leeuwin Lions Club at their 10c refund depot. We would like to encourage our past loyal Blackwood Regatta participants to deposit their containers for recycling with the Lions, as moving forward we retire the Blackwood Regatta event as we know it.

Thank you to everyone that has supported the regatta in the past. The Augusta River Festival is set to return after its 2 year absence - stay tuned for an announcement on other river-based activities which will be open for your participation at the festival.

Do you have any ideas for water-based family fun and challenges at our festival? Join us at our next committee meeting 18 October at 6pm at the Augusta Primary School Library.

## Life after the football season

Will you be wondering what to do on a Sunday afternoon when all the footy fixtures are finalised?

What about a game of very sociable barefoot bowls.

To fill this gap in your social calendar Augusta Bowling and Social Club will be introducing "Community Social Barefoot Bowls" on Sunday afternoons 2-4 pm.

"Community Social Barefoot Bowls" is scheduled to run for four consecutive weeks i.e. 16th 23rd, 30th October & 6th November.

Anyone, either Regular Bowlers or Non Bowlers over the age of 15 are welcome.

A draw will be done each week and will mix 'experienced' bowlers with 'new bowlers' to even the odds. Names for draw to be in by 1.45pm with play to commence at 2pm.

Bowls will be provided, no entrance fees, no green fees - just a good no cost fun afternoon.

Only requirement is to bring your sense of humour.

Any queries please contact:

I did not attend the 3 week watercolour workshop presented by Cowaramup artist Margaret Affleck on behalf of the U3A but Wendy reports that the course was enjoyed by the

members who participated. They were guided through the many steps and techniques over three sessions. All created a lighthouse scene in the final session and were very satisfied with the results. The annual Margaret River Open Studios are a popular reason to organise outings and be wowed by the talent and imagination of the many artists who participate.

Two outings were organised, the first organised by Sandy, visiting seven studios including that of Karridale's Heather Lowe. The group were very impressed by Nerala Hunt in Margaret River who works in Textiles, Mixed Media and upcycling, described as 'slow stitching with soothing rhythms'. Susan and I visited Nerala last year and also enjoyed her lovely work, we were wowed by the knitting using teabag strings! Sandy reported that all of the artists were happy to describe their ideas and techniques.

The second outing saw six of us visit a diverse range of studios, all of which we enjoyed, two were emerging artists (their first Open Studio) and were very impressive.

Sandy's group at Heather Lowes Open Studio

From rescued timber and resin to pottery and mixed media, there was a lot to enjoy and inspire. Our group finished off the day at Darnells store in Witchcliffe, which is a work of art in itself, beautifully renovated, restored and enhanced with historical found objects. Can't wait to see what next year brings! We have a couple of busy months coming up with several dates for our diaries. Firstly Bev will be running a Mixed Media workshop commencing on 30th September. Bev's workshops are always popular and well organised.

On Friday 21st October, the club vacates our room for the Spring Show to use. Last year we spent a terrific day at the Kudardup Adventure Centre and have booked it again for this year. We will spend a fun day trying out new activities. On the 26th October we will spend another day at the Adventure Centre as we host the annual Critique Day which involves many Art Clubs from the SW Region. The principle is for members to bring along paintings which they feel could be improved and allowing the larger group to make suggestions or perhaps decide it is fine the way it is! Some of the experienced artists are very good at this and have helped to turn 'ok' art into great art!

Finally an early reminder that the Club's General Meeting / Pre Exhibition Meeting will be on 9th November, and the Exhibition Forms are due on that date.

The Club is open on Wednesdays and Fridays from 10- 2 and visitors are always welcome.

## AUGUSTA PLAYOUT 2022

By **DEB PERRY (DRUMS M.R.C.B)**

The Margaret River Concert Band's AUGUSTA PLAYOUT on the 17th

Sept was certainly well received by locals and visitors to the town, who eagerly showed their appreciation of the band's entertainment and musicianship throughout our concert.

They thoroughly enjoyed the music presented to them through our new Musical Director, Karen Niedermeyer, plus our five singers that we can now showcase.

We presented a diverse selection of music, and it was good to see some of the audience up and dancing to our more upbeat tunes during the second half.

The delicious afternoon tea provided by the band members was certainly appreciated by all, with little left.

The Concert Band members thoroughly enjoyed their afternoon and would like to thank all the extra people who helped make the concert a success. Thank you to the many local businesses that donated to our successful raffle, people on the door and afternoon tea, sound, photography or who simply helped us pack up the hall.

From the enthusiastic audience reaction and positive feedback now being received from the concert, you will certainly not want to miss our Augusta Playout 2023.

### LEEUWIN400 ART PROJECT x EPHEMERAL WALL:

As part of the Leeuwin400 Community Day on Sunday 30 October from 11.30 until 2.30, Paint by Numbers, in collaboration with PICS Studio, will host a 'moveable community mural' art project. Open to everyone, it will be part of the revolving activities on the day, so come down any time and add your mark! Afterwards, we \*hope\* the artwork will be on display at the EPHEMERAL WALL on Blackwood & Ellis, a soft launch!

### MAIN STREET CONNECTIONS WALL

A mural / community group & tourist info wall on the newsagency wall. We are collecting ideas to fine tune this project - key feature: it has to be detachable!

This project will kick off in the coming weeks, so please get in contact if you want to get involved or have ideas to throw in the mix...

Part of the joy of being a member of the Augusta Garden Club is having the opportunity to look around other people's gardens, and this month was no exception with two fantastic visits.

The first was to Vince and Penny Williams' garden, set on a very steep slope. Cultivated into terraces, these levels consist of a lawn, flower beds and a thriving vegetable patch. Ron Bolton provided our second. Situated just outside of Augusta, native plants and trees abound in a garden that is in every way a credit to its maker.

Thank you to our hosts for letting us come and look at their striking and inspirational gardens.

Next month's meeting – 17th October at 1.30pm – will be about the 'Spring Show'. The venue is the Dr John Williams Meeting Room, Leeuwin Aged Units, 194 Blackwood Avenue.

As we know, the annual Augusta and Districts Spring Show is a real community event, where residents come together to celebrate. Don't miss out! It's only \$5 per adult to get in and this includes morning or afternoon tea. Children can come for free. (advert on page 13)

The last few months have been business as usual at the Augusta Men's Shed with regular men's days on Monday, Wednesday & Friday, with Community Days on Thursday. Community Days on Thursday continue to be an excellent opportunity for ladies to come along and either practice their skills or learn new skills in metalwork and/or woodwork. This month's photo (courtesy Marcus Downey) shows John Parlor (our President), Frank Blocksidge & Fred Morgan inspecting a newly completed raised garden bed made from recycled timber and iron.

#### Tractor Restoration:

We are now well advanced on Tractor #2 project with final assembly and painting of the 1952 Ferguson TED20 underway. The tractor has had many new parts fitted and is beginning to look amazing just like the last one. This has been another fantastic project to bring together the tractor restoration expertise of David Watterson, Peter Madeley, Don Allen, Peter Compton, Richard McKenzie with welding support by Fred Morgan. With any luck the tractor should be finished in the next 2 months.

#### Whale Tail:

The whale tail sculpture destined for the Lions Park near Colourpatch is finally ready to get underway with backing of AMR Shire who have contributed towards materials and will take care of installation, maintenance, insurance etc. Lions have also indicated that they will support this iconic community initiative.

We are also looking for more sponsors so please let us know if you want to be acknowledged as a sponsor. Other projects we have been working on is turning the old Ellis Street jetty timber into lovely rustic bench seats and restoring some nice old kids' play equipment for the childcare group. As always, we continue to appreciate the very kind support of the Augusta Bakery for morning tea yummys, please support the new owners as they are doing a fantastic job. We have some of our members' excellent products they make on display for sale at the Lions Bookshop and at our display shop at the Shed. You can also view them online <https://ams.tidyhq.com/public/shop/products> as well as a fly-through video of the shed at our home page <https://ams.tidyhq.com> where you can also use the menu to find the shop. Several times a year the ladies of CWA Augusta branch hit the road and head out for a informal meeting. August saw the members meet locally at Thousand Suns Cafe, where a lovely lunch was had

by all. A big thank you to all the staff for serving such delicious food, we thoroughly enjoyed ourselves. This month's birthday girls were Leanne Bamford, Rose Gale and Linda Zeffert. We celebrated with a scrumptious carrot cake made by the cafe. We formally welcomed our new member Sam Ramsey. Sam brings so much enthusiasm and vitality to our membership - we are thrilled to have her join our Branch.

On the very sad day of the passing of her Majesty Queen Elizabeth II, the CWA Augusta Hall flag was raised and lowered to half-mast to mark the start of the mourning period by CWA Augusta President Leanne Bamford and Vice President Shirley Shephard. A floral tribute was made up from members' gardens and a beautiful wreath was kindly made by Margaret Martin. That week members came back together, shared stories and enjoyed a lovely afternoon tea remembering our Queen.

The knitting needles and crochet hooks are getting a workout with many of the members are making poppies for Remembrance Day service here in Augusta. It's great to see so many different groups in the town coming together to support such a important occasion on the calendar.

#### PROJECT CARE

CWA Augusta would like to thank you for the continued support in helping with project-care hampers. We thank IGA Augusta, the community of Augusta and surrounds and the Lions of Leeuwin for this last month. You will find the box for non-perishable items inside IGA.

If you are interested in learning more about CWA please join us at our monthly meeting held on the 1st Wednesday of the month at 1.30pm or contact us [cwainaugusta@gmail.com](mailto:cwainaugusta@gmail.com) Come to our hall and have a cuppa and meet our members.

Mark and Mel return

By LYNNE JUNOR

Well the ‘touring twosome’ have arrived back in Augusta after an amazing tour of their play ‘You Know We Belong Together’.

Outside Buckingham Palace

After spending two weeks rehearsing in Perth the cast and crew set off for England. Sporting their tour T-shirts, they were all business and ready to perform. Arriving for a couple of rest days in London they were able to take in the sights, and staying just off

Trafalgar Square placed them in the centre of everything. A bus tour felt like a trip round a Monopoly Board, and who doesn’t want a photograph standing outside Buckingham Palace. A ferry ride up the river Thames under Tower Bridge and a photograph of Big Ben sealed the deal and then it was rehearsals and performances in South Bank to five-star reviews. Their play with a cast of seven people with Downs Syndrome shows how people with disabilities can succeed in a career and live a normal life, and they certainly proved that. Julia Hales wrote, and takes the lead role in, the play. Her love for Home and Away sets the play in the imaginary Summer Bay diner as she invites her friends to join her on stage.

Julia’s desire to have a career and live a normal independent life is shown through film of her Subiaco apartment, her family and her life experiences. All her friends, Josh, Lauren, Tina, Patrick, Mark and Melissa, have succeeded in their own way and there is always a sigh in the audience when Mark and Melissa appear on stage after film showing their wedding, home, and some lovely shots of Augusta.

Julia has always wanted to be married, a goal she has not yet reached, but Mark and Melissa prove that it is possible as they celebrate their 22nd wedding anniversary this week.

The cast in London

Then - Covid struck! Julia went down with it first and two performances in London had to be cancelled. She left separately for Edinburgh and with allotted rest days was out of lockdown for the first performance. Unfortunately, nearly all the cast had gone down with it by then. It was decided to adapt the play to using just the two cast members left standing, Julia and Josh, and with some clever line changes and a bit of extra film footage they pulled off three performances to four-star reviews. Fortunately, no one was too ill and Mark and Mel got to see the Edinburgh Tattoo before they tested positive and were in lockdown.

After a gruelling flight back to Australia they finally arrived in Sydney. Still dealing with time changes and the last vestiges of Covid, they put their professional hats on and did five performances at the Sydney Opera House to standing ovations every night, and again five-star reviews. A ferry ride to Manly Beach and a quiet lunch in a restaurant on a beautiful day suddenly erupted as they were spotted by someone who had been in the audience the night before. They were truly ‘stars’ - lapped it all up and took it in their stride.

A highlight for them was when Ray Meagher, who plays Alf Stewart in Home and Away, appeared on stage after watching the show to get photographs with all the cast. The Sydney Opera House staff were amazing as they showed us all round the Opera House including back stage and dressing rooms, throwing all the cast, crew and support staff after-show drinks and eats in the Opera House Board Room which overlooks the Harbour and Circular Key.

Back in Augusta life returns to normal. There is talk of doing other tours, but we will see. This one will stay in their memories for a long time and their ability to handle all the different situations they found themselves in was truly epic. Congratulations and well done guys. Hats off to you!!

Paddy from the Paddock

When a little orphan joey, that I named Paddy, came into my care I knew he was not the average roadside victim. Paddy was so traumatised he constantly turned around and around in his pouch and then tried to stand up. This is not normal behaviour for a 690g furless pinky joey, whom only just opened his eyes. Later I learnt Paddy was found in the middle of the paddock the morning after shooters have been through. How did he survive, out of his pouch left on the cold earth all alone? He was lucky to be found before the crows got to him. I knew Paddy’s chances of survival were limited as wildlife aren’t designed to survive trauma, but I gave him the opportunity to live or die.

After a few days Paddy started to settle down, with the help of my other orphan joeys who put their heads in Paddy’s pouch to clean his ears. Paddy started to enjoy the warmth and security of his new pouch and drink his milk. Paddy tried his hardest to survive but after three weeks was losing the battle. With his little head on his chest one morning, I knew it was time to let him go. I thought he would be gone by the end of the day but he was still alive, barely, by the time I went to bed.

I gave Paddy a kiss on his head as I laid him on my belly and put my hand in his pouch. Paddy wrapped his little fingers around my finger: it was like he waited for me, to say good bye. It was the most graceful and meaningful thank you I had ever received. As I lay with him in a semi-conscious state I saw the warm light and his mama kangaroo come to get him, I saw him hop into her pouch. Teardrops fall on the page as I write this, not just for my beloved Paddy but for all the kangaroos Australia-wide, as shooting them is so heartless and pointless.

Please help our kangaroos by boycotting meats, pet food and skin products made from kangaroos.

GENERAL MEETING:

Our first face to face meeting for a while, our next general meeting will take place on Thursday 13 October at 5.30pm at the Augusta Hotel Conference Room, with optional dinner afterwards. New members are welcome.

LEEWIN400 COMMUNITY DAY:

We hope everyone will come along to the community day at the Leeuwin Lighthouse precinct on Sunday 30 October from 11.30am to mark the 400th anniversary of the rounding of the cape by the "Leeuwin". Undalup Association will be taking part, favourite Sea Shanty songsters The Anchormen will perform, a maritime history exhibition will be on show and plenty of family-friendly activities and food trucks , so come along and join in!

SKATE PARK RENOVATION PROJECT – GET INVOLVED IN THE DESIGN:

We have kicked off this project and will be collecting community ideas for the design on Saturday 22 October from 9am-12 between the skate park and the BMX track – everyone is encouraged to come down with their “wheels of choice” and ideas. We hope this will be a multi-purpose facility, so come along and brainstorm, with guidance kindly contributed by Common Ground Trails.

TAALINUP AUGUSTA MAIN STREET RENOVATION – CONNECTED MAIN STREET:

After being the only town team project in the South West shortlisted, unfortunately our RAC Town Teams grant effort was not successful. The project must go on, so will carry on as funding is found. First cab off the rank will be the community and tourist mural wall, managed by Paint By Numbers.

ERGA - Rest awhile!

By FELICITY BRADSHAW

Image By Felicity Bradshaw

A small shelter has appeared at the Victoria Parade entrance to the Donovan Street Bushland, courtesy of support from Lotterywest. It is the realisation of a long-held dream of the Environmental Research Group Augusta (ERGA, established in 2005) who is dedicated to the conservation of this precious and biologically diverse tract of bushland.

In 2009, ERGA first made public the results of their year-long survey in the form of an Open Day at the Augusta Yacht Club. This featured talks on the bushland's rich biodiversity and included a wonderful art display from the students at the Augusta Primary School. This tradition of public education has continued to this day. School students visit the bushland each Spring, accompanied by an ERGA member, and interpret its flora and fauna using art. Introducing children to the beauty and wonder of the environment surrounding them is surely a vital aspect of education and has been enthusiastically sponsored by ERGA.

Seeking a wider audience, in 2012 ERGA began to host a series of bi-annual Georgiana Molloy public lectures in the School's library. These have been given by botanists, all experts in their field, who have expanded our knowledge of the wonders that grow around Augusta. Funds from the Shire's Environmental Management Fund also enabled ERGA to print and distribute, for a small donation, 3,000 copies of its very successful book 'Augusta's Kings Park', which has done much to alert locals and visitors of the jewel at its doorstep. The book was also largely responsible for Augusta being

placed second in the Tidy Towns Sustainable Communities competition in 2019. A constant and invaluable supporter of ERGA's initiatives has been, the Augusta Community Development Association (ACDA). ERGA owes much to the late Cam Gilmour and the late David Novy, and now to Christine Collins. Visitors to the bushland may notice a rugged, but beautifully crafted seat installed on the rise overlooking the unsurpassable view through to the estuary. This seat is dedicated to David's memory.

Winter's over and most yachties are back from chasing the warm weather up north. This means that Spring is here and it's time the sailors prepare their boats as the sailing season is starting earlier this year. Prior to many going north, the Club held its AGM and the following Flag Officers were elected.

- Commodore: Ric Edwards
- Vice Commodore: Rosemary Gerritsen
- Rear Commodore: Mal Buzza
- Secretary: Peter Wallace
- Treasurer: Janet Wickham
- Race Controller: Ian Ladyman.47
- Committee: Sue Air, Herman Gerritsen, Rod Clement, Iaan Stephens, M Allen, B Perry & T Kent.

The first "shake down" sailing day will be held on Sunday 2nd October, followed by "Opening Day" on Sunday 9th October, commencing 11.00 am. Traditionally, this a great day and we would like to welcome as many AYC members and visitors to help us celebrate.

While many have been absent from the Club during winter, there has been a small group of members working on finishing the decking and improving the Club facilities. Many thanks to all concerned.

With further work planned all members sailors & rowers are reminded membership fees are now due. We have emailed all members a form with all the details. Membership/renewal forms will also be available at the Club on the October opening days.

Looking forward to the new season and catching up with everyone in the next few weeks, and please remember: "It's fine to be enthusiastic about sailing ..... just don't go overboard!!"

Happy sailing!

Bicycle Users Group Augusta Ride to the Cape

The next ride by the group will be on Sunday 16th October. The ride will be at a casual pace, starting at the Community Resource Centre, down along the airport access road, Flinders rail trail leading to the pathway from the boat harbour and Dead Finish.

Then along Leeuwin Road to Cape Leeuwin Lighthouse café. There may be a chance to look at the proposed trail extension option as well. After a welcome coffee break, the ride heads back to town via the river foreshore pathway. Meet at the Resource Centre at 8.30am for a ride start at 8.45am. Ebikes welcome. Please RSVP if participating.

By: Sergeant David WALL

Augusta Police Station

You may have noticed some new faces in uniform in town over the recent weeks. Although some have been assisting from other areas whilst I have had a couple of weeks off, there are two new officers working the beat permanently in Augusta. 1/C Constable Darren Norman has been here for a couple of months and Senior Constable Ross Lavers has only recently arrived. Both officers and their families are looking forward to becoming part of our community.

In partnership with the Augusta Community Resource Centre, we have planned a morning get together where I can 'Introduce the Investigators' and you can get a chance to have a chat, ask a few questions, and get to meet your new local police officers.

We can also talk about the three main areas of policing:

**Crime:** We want to prevent crime and detect criminals. The crime rate in Augusta is relatively low and we aim to keep it that way. Information is the key. We need your input and I urge you to let us know when something happened or you see something that looks a bit suspicious or doesn't seem right. Most of the crime that occurs in Augusta is opportunistic – so take care of your property. Do the simple things – lock your car and house and don't have valuables in plain sight where they can be taken by someone walking past.

**Traffic:** We want safe roads. We will continue to target those people who drink and drive, speed, fail to wear a seat belt, or use their phones. A distracted driver is a dangerous driver so please make sure your attention is given to the driving task. Value your license – it is a privilege, not a right.

**Emergency Management:** This is all about being prepared in the event of an incident requiring an emergency response. We work closely with all the volunteer emergency services in our community including St John Ambulance, Volunteer Fire and Rescue, Bush Fire Brigades and the Marine Rescue Group. We should all be grateful to these amazing people who give up their time for the community in times of need.

I have also requested our South West District Crime Prevention officer come along and he will be able to provide advice on strategies and to prevent crime.

The meeting / morning tea is scheduled to commence at 10:00am on Tuesday 4th October 2022 at the Community Resource Centre in Allnut Tce so come along and I can 'Introduce the Investigators'.

**Need to contact the Police? Remember these numbers.**

**Triple Zero (000)**

For emergencies or life threatening situations.

**Police Assistance Line (131 444)**

For non-emergencies.

**Crime Stoppers (1800 333 000)**

To provide crime information, it can be anonymous.

Firearms ...

Do you own a firearm? If you have firearms on your property ensure they are stored correctly and locked away in an approved cabinet. Is your license current? Like any other license we have, there is a requirement to renew your firearms license annually. Please check to ensure you are up to date. If your license lapses, an infringement can be issued and your firearms could be seized.

As a licensed firearms holder you are deemed to be a responsible person – please make sure your license is current

Traffic

If you see anti-social road behaviour, get some details and call it in. Recently, we received a report of a vehicle weaving all over the road between Augusta and Margaret River. I checked the vehicle details and the owner was known to me as someone who likes a drink. Given the car was heading north there was not much chance of us catching it up but a telephone call to the Margaret River Police resulted in the vehicle being intercepted and the driver breath-tested. This driver was stopped just before midday and gave a positive breath test. It is scary to know the driver was more than four times over the legal limit. The subsequent court appearance resulted in a \$2,400 fine and a license disqualification of 18 months.

This driver was lucky: someone reported them and police could apprehend them before they crashed.

**Slow down, don't use your phone, wear your seatbelt, and don't drink and drive.**

**Remember – Road Safety is everyone's responsibility.**

**If you have information regarding any illegal activity, please call Augusta Police on 9758 3900 or Crime Stoppers on 1800 333 000.**

## 3 CHEERS TO LEEUWIN LIONS

Mike Walker of the Leeuwin Lions, recently presented our Year 4-6 students with a very generous cheque for \$1000 to benefit their camp. Mike took the opportunity to talk with the students about the Lions, volunteering and how the work they do benefits people in our community.

The Leeuwin Lions also kindly donated a load of firewood that we raffled on Saturday 3 September outside the Augusta IGA. Congratulations to Marisa van der Horn who won the load.

We sincerely thank Mike for taking the time to visit our school and also to the Leeuwin Lions Club for their incredible support to help make Room 4 Camp a reality.

## HAPPY LIL' CAMPERS

At our final assembly last Term, the Year 4 students showcased their camp and shared their experiences with the school community. They clearly had a thoroughly enjoyable and educational time in our beautiful region.

They camped overnight at the RAC Margaret River Nature Park in the Bramley National Park and loved exploring everything the park offers.

Their itinerary was packed. Thankfully, the weather was kind and allowed them to do all the planned activities such as: visit Rebecca Cool at Open Studios, Golf Gardens, 10 Mile Brook Dam, Eagles Heritage, and the Prevelly Loop Challenge.

In addition to these visits, back at camp, the children played bocce, did sketching, had a camp quiz and went on a sense-of-night life activity walk—all this in two days!

Thanks to our wonderful staff Nat Mulvey, Matt Gould, Kiron Gibbon, Lexie Elson and Jane Jasper—and another shout out to the Leeuwin Lions Club for making this all possible.

## OPEN THE GATE EVENT

Join us at 4pm Thursday 20 October for a free talk by guest speaker Laurissa Knowles on how to **Pull Yourself Out of the COVID Bog** and enjoy a free sausage sizzle after.

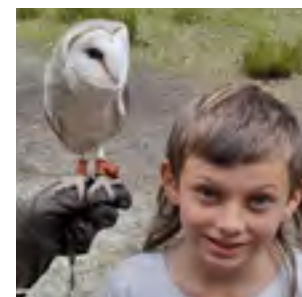

Supervision for **school-aged children** is available with bookings. **RSVP** via website [www.openthegate.com.au](http://www.openthegate.com.au)

This talk is presented by *Open The Gate*—a grass roots project reaching out to support people by giving them the tools to respond positively to mental health. Ideal for people who are: overworked, understaffed, and tired; struggling to find some "you time"; feel alone and are struggling to bounce back after the pandemic and find a new normal.

It's time to turn the negative COVID impact into a positive!

L-R: Lilly, Chelsea, Rayne, Ada, Rosette, Jesse, Rafael, Cooper, Sam, Jack and Holly sport their "camp leis" at Eagles Heritage.

Jack had a hoot with an owl!  
Lilly sketched nature.  
Rosette and Sam take a breather from the Prevelly Loop Challenge.

## Augusta Primary School *News*

### FATHER'S DAY BREAKFAST WRAP

Congratulations to the school community for, once again, getting behind and supporting the Father's Day Breakfast, held at school on Tuesday 30 August. It was wonderful to see so many Dads and Very Important People (VIPs) who make a difference in our lives. Many thanks to the parent helpers for making this event possible. And, of course, a huge thank you to the staff for their amazing effort.

A couple of special shout outs go to our local butcher and our Augusta Bakery. We were supplied with delicious bacon at a discounted price, and the bakery provided the bread products absolutely free of charge! What wonderful support from our local community.

### BOOK WEEK and BOOK PARADE WRAP

Congratulations to all of our wonderful students for their involvement in the 2022 Book Week activities, so far. Our 'Dreaming with Eyes Open' Book Week Dress-Up Parade happened on Tuesday 6 September. Well done to all students and staff who got involved in this year's Book Week Book (Character) Parade. Students dressed up and paraded their book character, and then went in a lucky dip draw for a \$15.00 Book Club voucher. There was a lucky dip for each of the four classes. Congratulations to the following lucky recipients (pictured):

Kindy/Pre-primary	Pippen Watkiss
Year 1/2	Sam English
Year 3/4	Savanna Baker
Year 5/6	Ella Adams

▲ Book Parade lucky dip winners (L-R): Ella, Savanna, Sam and Pippen.

### COOKING WITH MARK

A wonderful time was had by the Kindergarten and Pre-primary children making delicious pizzas with Teddy's dad, Mark Hatton (Yes, the one and only, from Gusty's Pizza). The children have enjoyed playing in their classroom pizza shop this term, and were thrilled to have the opportunity to do some real pizza making. Mark kindly offered the ingredients and his time and expertise to show the children how pizza dough and pizzas are made. Pounding, squishing and flipping were some key moves learnt in the process, and this left many children covered in flour! A huge thank you is extended to Mark for his generosity and for helping us end the term on a fun and exciting note. By the way, the pizza's were absolutely delicious and thoroughly enjoyed by students and staff!

▲ Mark Hatton showed the children how to squish the dough!

### 2022 INTERSCHOOL CROSS COUNTRY

Our Years 3 – 6 students were given the opportunity to compete in the 2022 *Interschool Cross Country*, held at the Gloucester Park Sporting Complex, Margaret River, on Friday 16 September. In near perfect conditions for long distance running, our students took on the best from Margaret River, Vasse, West Busselton, Busselton, Geographe, Cowaramup, Dunsborough, Rapids Landing and St Thomas More Primary Schools in this annual event. While there were some stand out individual efforts, for a school participating for the first time, the students performed admirably as a team and ranked third in the Handicap points division! Congratulations, also, to our wonderful Health and Phys Ed teacher, Clare Dallimore, for assembling our first Interschool Cross Country team and providing the students with this wonderful opportunity.

## Lower Blackwood Catchment LCDC Community Update September 2022

### Regenerative Agriculture in Practice Project to Continue

We are delighted to announce that, for a fourth year running, we have been successful in securing funding through the Augusta Margaret River Shire's Environmental Management Fund, to continue our hugely popular **REGENERATIVE AGRICULTURE IN PRACTICE PROJECT (RAPP)**. The announcement is so new that we haven't had time to develop the project information page yet... but we can tell you that the theme for RAPP 2023 will be 'Farm Ecosystems for a Sustainable Future' and will include, in addition to our fabulous local project consultants and trainers, three incredible fonts of knowledge in the soil health space, delivering in person, **Dr Christine Jones, David Hardwick and Dr Judi Earl**.

To achieve our goal of facilitating effective & long lasting practice change, we understand the importance of providing continuity. With this in mind RAPP 2023 has been designed to build on learnings from our current & previous 'Regenerative Agriculture in Practice' projects, providing returning participants & alumni the opportunity to continue to grow and develop their skills further, whilst also providing opportunity for new landholders interested in learning and adopting regenerative farming techniques.

Another key difference with RAPP 2023 is that we will be opening the project up to the wider Augusta Margaret River Community - through our partnership with the **Lower South West Growers Group**, we will be offering 50% of the project places to LSWGG members who reside outside of the Lower Blackwood catchment - so if you are not a member if this group yet then it's a really good time to think about joining and take advantage of this great project opportunity!

### Not Your Usual Poo Story!

Managing effluent is a perennial challenge for Dairy farmers, and with the ever growing awareness of the impacts of nutrient loading on soils and run off in waterways, the necessity to manage effluent in an environmentally responsible manner is becoming essential. Dairy farmers are also becoming increasingly aware that they have a valuable asset at their disposal - by using the effluent and manure in a productive and skillful fashion, the need to purchase fertilisers is substantially reduced, as is the potential of pollution to water ways.

One local dairy farmer has been trying his hand at managing his effluent differently so we decided to have a chat. In the latest **Talkin' After Hours** podcast, we talk to **Scott River Farmer & A2 milk producer Brad Boley, & University of Southern Queensland Research Fellow, Dr Stephan Tait** about an alternative way to manage dairy effluent.

In 2019 a trial of manure separation was conducted on Brad's farm using a commercial dewatering/filtering equipment called the Z-Filter. The aim of manure separation is to provide options for dairy farmers to beneficially utilise nutrients and organic material in effluent, whilst simultaneously reducing the risk of causing environmental harm to waterways and groundwater. The trial, co led by Stephan & by **Ian Williams from the Augusta Margaret River Clean Community Energy Group**, was funded by the Regional Estuaries initiative of the Western Australian Government in partnership with the Department of Water and Environmental Regulation (DWER) with support from the Lower Blackwood LCDC.
