- That means we DO NOT accept snails, cockroaches, ant nests, leaves, twigs, stones, cigarette butts or any liquid surrounding the items, such as stale beer, rainwater etc.
- WINE bottles and SPIRIT bottles are not acceptable.
- Please REMOVE ALL LIDS FROM ALL ITEMS.
- All ineligible items will be returned to the customer.
- They must be CLEAN. So customers, if you want your 10 cents, you need to help too.
- All WARRRL sites operate under the same Code of Practice.

REMEMBERING OUR NURSES

By JILL PERKINS

Saturday 10th February 2024
RSL Park
York street, Augusta

On Saturday 10th February at 10am we will pause to remember the Australian Army Nurses who lost their lives in World War II following the sinking of the SS Vynor Brooke February 1942. 265 passengers including 65 Army Nurses were evacuated on the ship following the fall of Singapore. The ship was shelled and sunk by the Japanese, and 12 nurses perished as a result. 21 nurses were shot on the beach at Banka Island. The remaining 32 became prisoners of war. They were prisoners for three and a half years under appalling conditions, 8 died in captivity. 11 nurses drowned following the sinking of the hospital ship SS Centaur. A nurse was killed on the hospital ship SS Nanunda during the air raid at the Darwin Harbour. We pause and reflect on the sacrifice and challenges that these nurses made.

The service of remembrance is at 10am at the RSL Memorial Park Osnaburg. All are welcome to attend.

Priscilla Pop-Up: Augusta

Meet the Carers WA team in Augusta

Are you an unpaid family or friend carer who would like to learn more about Carers WA and Carer Gateway?

Join the Carers WA team and our community engagement van, Priscilla, to find out more about Carers WA services and supports and how we can help you in your caring role.

Shire News

Augusta Streetscape Concept Plans Update

Thanks to everyone who has provided feedback regarding the Augusta Streetscape Concept Plans. There was a lot of community interest, and we received nearly 100 survey responses via our YourSay page. The feedback will now be reviewed and used by consultants to refine the final draft Streetscape Concept Plan.

While the initial consultation period has ended, you can still contact Shire Strategic Projects Officer, Stephen Schreck, to discuss the project. Call **08 9780 5259** or email sschreck@amrshire.wa.gov.au

In addition to the Draft Streetscape Concept Plan, we've been developing a Precinct Plan for Augusta, which will help

guide the Shire's strategic direction for the Augusta townscape over the coming years. We're eager to hear what the community thinks and will be announcing dates for consultation soon via the Shire's website: www.amrshire.wa.gov.au/news

Augusta Recreation Centre

For Strength For Life and Hydrotherapy information please call **08 9780 5620**.

Look Out for Our Beach-Nesting Birds

Augusta beachgoers, it's breeding season for our beach-nesting birds, including the threatened Hooded Plover.

Their vulnerable nests are near the high tide mark and the chicks are at risk from various threats.

Help protect them by following signage, keeping dogs on leashes and in dog exercise areas, avoiding nest areas when walking, parking in designated car parks and not driving on the beach.

For more information on Hooded Plovers and other beach-nesting birds in our region visit: birdlife.org.au/programs/beach-nesting-birds/

Shire Staff Profile

Christie Payne Administrator Building Applications

What does a typical day at work look like?

A typical day in the office involves a lot of emails! I compile and provide preliminary assessments on applications for houses, granny flats, sheds and answer general queries. I also drink a copious amount of tea.

What is the best part of your job?

The best part of my job is the ability to have a mix of site visits and time in the office. As I am currently studying to be a Building Surveyor it has provided a wealth of knowledge for my studies.

What do you love most about Augusta?

Living 10 minutes away from Augusta I enjoy being between the calm of Augusta and the buzz of Margaret River. I am originally from England and living close to the beach has always been a dream of mine. My husband is a born and bred Augusta local, so it's nice to be shown all the secret spots when its busy over the holidays.

Augusta CRC Lotterywest Grant

Comments attributed to Warren-Blackwood MLA Jane Kelsbie:
 "Our locally owned and operated Community Resource Centres (CRCs) provide a wide array of information and community-based services to locals, businesses and visitors alike. "They're committed to developing regional communities and connecting people which is why it's fantastic to see the Augusta CRC was successful in securing \$9,000 towards their 'Living Healthy in Augusta' program.

"Not only will the program get people together but they will also have the opportunity to get active and take part in local activities like lawn bowls, a golf day, an Indigenous walking tour focusing on South West food and produce along with an outdoor movie night.

"I'm hoping to get along to some of the awesome events being hosted as part of the program later in the year!"

Welcome Isabela Godden

The CRC would like to welcome Isabela Godden to our team and wish Rachael all the best in her new role. We are hanging onto Rach for as long as we can and hope to see her regularly helping out on an adhoc basis so this isn't goodbye, just see you around. Rach has been with the CRC for about 3 years in the role of Admin and Projects and has been a fantastic team member and asset to the CRC. Rach will be taking on a role at Arts Margaret River sometime in February.

Thank you, Rach, you have been a pleasure to work with and we wish you all the best in your new role.

We are also very fortunate to have Rach hand over the many roles and tasks she does to our new staff member Isabela Godden. **WELCOME ABOARD ISABELA**

Isabela will be taking on the permanent part-time role as Admin-Projects. Isabela has a wealth of knowledge in events and projects management with nearly 10 years experience working in the entertainment industry and has also previously worked for other not-for-profit organisations. Isabela and her family live locally here in Augusta and we are sure she will also be a great asset to our team.

From the Staff and Committee of the CRC

RETURNING STUDENTS ATTEND LIONS CHRISTMAS PARTY

The Lions Club of Leeuwin were pleased to host two returning 'leaver' students from the East Timor trip at their annual Christmas party. In the company of mentor Lynne Warren, local graduating students Skye and Lillian gave a thoroughly interesting account of the 2 weeks spent in East Timor on a goodwill visit.

Lillian, Skye and Lynne and Matt wearing ceremonial sash

The party of eleven students (accompanied by two mentors) from our Shire are to be commended for opting to undertake humanitarian projects overseas for the benefit of those who do not enjoy the same comforts and standard of living as we do in Australia, in lieu of attending 'leavers

week' at Dunsborough, Rottneest or similar locations. The East Timor trip is supported by the service clubs of the Augusta Margaret River Shire comprising the Rotary Club of Margaret River and Lions Clubs of Cowaramup, Margaret River and Leeuwin. It resumed this year after a two year break due to the Covid pandemic. Skye and Lillian held the attention of more than 70 Lions, volunteers and guests who paused during their Christmas lunch to view the slides of the projects and the interaction with East Timorese children of the villages. After a short Q & A, they finished by presenting Lions tribal elder President Matt Russell with a ceremonial sash.

Enjoying the Christmas festivities

SALVO'S TOY RUN

A good crowd of 150 or more riders gathered at the Lions complex in Hillview Road for the 'Lions Big Brekkie' prior to the SALVO'S TOY RUN from AUGUSTA to BUSSELTON.

Under the direction of Lion David Turner and partner Judith, a good turn out of Lions and volunteers served up in precision style, hearty bacon and egg burgers, tea, coffee and orange juice. Lions were pleased that with a small addition to the takings, they were able to donate \$2,500 to this very worthy cause.

Group of riders forming part of early breakfast crowd

Lions A team of BBQ Chefs, Bill Perry, Ross Newbury, Mick Dench, Barry Staines & President Matt Russell

NEW MEMBERS INDUCTION

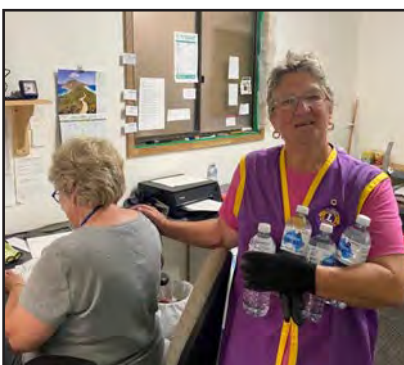

Daniel and Angeline Kempton, Mike Walker (stand in sponsor for Karl Ambrose) and Matt Russell

Following a brief induction ceremony by President Matt Russell, Lions were pleased to welcome new members Daniel and Angeline Kempton into the club with a traditional 'Lions Roar'.

BOXING DAY SALES GO GANGBUSTERS

Sales at Lions operations have been huge this season with all outlets recording massive results. The Bookshop and Toy Shop have been extremely busy, whilst the Second-hand Goods & Furniture Shed has seen crowds out into the street on the regular Thursday and Saturday openings. Also the CONTAINERS for CHANGE Shed has been super busy due to the increase in visitors to town and the growing awareness of the benefits to the community and the environment from

Sylvia Newbury keeping busy admin person Jan Thomson well hydrated

this recycling initiative. It is predicted that over 1.2 million containers will be recycled this year resulting in a huge reduction in LANDFILL and over 100 thousand dollars returned to the community, mostly in support of local clubs and organisations.

Vicki Pattinson and Jill Grist in Clothing Dept

Barry Staines with incriminating T shirt

The 'Wrigglers' removing fasteners from aluminium containers

EXCITEMENT BUILDS ALONG WITH NEW SHED

Bill Law and Mike Walker looking through the security fencing at the concrete slab

Earthworks have been carried out and the concrete slab laid for the new Furniture and Goods Shed being built to cope with the increase in goods being handled. Funded entirely by the Lions Club, the Shed when finished will provide an additional 260m² of floor space and valuable storage for trucks, trailers and equipment regularly used in Lions activities. Also, a new area for the popular Garden section.

NIZAM MEMORIAL WEEKEND 10 – 11 February 2024

Kathy Stewart, secretary of the 'N' Class Destroyers Association of WA has advised that the Navy Band has again been booked for a FREE concert on the lawns of the AUGUSTA HOTEL on Saturday 10 February between 2 – 4pm.

This popular event is arranged to thank the community of Augusta for all the support and assistance given in conducting the NIZAM MEMORIAL SERVICE held on the nearest weekend to the 11 February each year.

Since the first service in 1993, Lions have provided equipment and transport for the Dinner on the Saturday night and Memorial service at Cape Leeuwin on the Sunday, and in more recent years, the concert on Saturday afternoon.

Further, with great support from community volunteers, the Club has organised the maintenance of the Flagpole and Memorial Wall with the addition of plaques each year, and the provision of colourful plantings in the street and in pot plants to line the verges at Cape Leeuwin.

The service which begins at 10am on Sunday 11 February will be attended by the commanding officer of Stirling Naval Base along with many veterans and distinguished guests. All are most welcome.

SPECIAL GUESTS TO PRESENT AT LIONS DINNER MEETING

At the Dinner meeting on Monday 12 February, which will also be a PARTNERS NIGHT, the Club will be pleased to welcome as guest presenters, Philip Orchard and Chris Cleghorn who were involved in the great Indian Ocean Row last year raising funds for Parkinson's Disease.

Both men have a highly distinguished naval record and a huge involvement in 'Brainwaves', a trust set up for the research and treatment of Parkinson's.

Phil Orchard

Chris Cleghorn

The Club is confident that it will be a most absorbing and interesting presentation.

Indian Ocean Row

HEALTH & WELFARE

The Lions Club of Leeuwin is saddened to learn of the illness that has befallen highly valued member Gail Robinson and wishes her every success in her treatment ahead.

Our 2024 Exhibition is now over, and a lot of members are taking a well-earned break before starting to think about 2025's exhibition and its theme which will be voted upon at the General Meeting in February.

The club thanks everyone who attended the exhibition, both locals and visitors. The exhibition was opened by Ms Nola Marino, Federal Member for Forrest. Ms Marino visits our exhibition regularly and last year we asked her if she would open for us which she agreed to. Her speech was very inspiring, referring to the importance of art, and artists, and the significance of clubs in promoting creativity and socialisation. We are very grateful to Ms Marino and look forward to seeing her at next year's exhibition. This year's theme inspired by poetry could be regarded as successful due to the number of paintings members submitted and the number of popular votes from the visitors. From T.S.Eliot to Masefield, Yeats and Lear and more, it showed that members embraced certain poems and enjoyed putting them into paintings. Jocey Tischner's 'Jellicle Cats' was a knockout for me!

Winners of the raffle were as follows:-

- **1st Prize** Painting by Wendy Strucelj won by ticket Blue B98
- **2nd Prize** Set of mugs printed with paintings by Julie Westbrook won by Pink C53
- **3rd Prize** Selection of members cards won by Red B11

The Popular Vote has been counted and this year the

highest votes went to Owen Fletcher for his painting 'Blackwood Good Morning' and the most popular piece of China was Jan Gozzi's 'Small Dog'.

One of my jobs following the Exhibition is to tally the Popular Vote Slips. Sitting at the dining table with a mountain of carefully folded pieces of paper can be a bit overwhelming especially when you are tired after 5 days of jolly hard work but reading the comments that people write on the back of slips, makes it an enjoyable task. The children are asked to comment on why they like the painting they have voted for and these are very special. Children take this very seriously.

Trisha Hearne and Wendy Strucelj co-coordinated the exhibition this year and are to be congratulated on another very popular event, thanks girls! Thanks also to everyone who helped set up the hall, manned the kitchen, hung paintings, sold raffle tickets and cleaned up afterwards including Barry and his friends supplying much needed muscle.

Members are reminded that the AGM and General Meeting will be held on Friday 9th February starting at 10am sharp. A good turnout is essential to ensure that you all get to vote on next year's theme.

The club would welcome some new members and invite anyone interested to pop in on Wednesdays or Fridays between 10 and 2 to see what we are up to.

'Blackwood Good Morning'- work in progress before framing

Did you know? February 12th is International Darwin Day

Summer at the Augusta and Districts Tennis and Croquet Club has definitely arrived in the last two months. The relentless south-easterly wind has been the dominant feature with players having to contend with swirling tennis balls, and forehands that overshoot the baseline, or fall far short depending on which end of the courts you are playing on.

Nevertheless, the standard of tennis has been high with the normal influx of visiting players, as well as the addition of some new local players who have added some welcome depth and motivation to the club.

The croquet players have also enjoyed having some new players join their ranks, and with the recent removal of the common wall between the two previously separate club rooms, there is a much more social and communal feel to the club.

Congratulations!

At long last !!! Our fabulous Secretary, the lovely Louise, or Lou-Lou as we call her, secretly married Mark in a garden ceremony at her parents' farm. As they say, a picture speaks a thousand words and don't Mr and Mrs Goodwin look sooo happy ...

Another highlight of the summer so far, was the awarding of two life memberships to a couple of club stalwarts - Mike and Katrina Smart. This was in recognition of some 20-plus years of contributions and support to the Club. Both are still current committee members, and still play a vital role in the running of the Club.

The presentation was made at the annual Christmas windup with existing life members Pat Godley and Alec Tryhorn making the presentations to Mike and Katrina amid a large and appreciative group of croquet and tennis players. Both Katrina and Mike were taken unawares, and were both typically humbled by the very deserved awards. They join a small but very important

New Life Members Mike and Katrina Smart

group of treasured contributors to the history of the Club.

President Scott Godley and Vice President Murray Jorgensen recently met with the Shire to discuss the options for the light towers on the croquet courts following an inspection of all sporting light towers across

the Shire by engineering consultants. The consultants recommended that the current towers be removed within six months. It was agreed that removal was the best option and the Shire can remove the current lights at no cost to the Club. The Shire also gave an undertaking to look at issues with the sprinkler system on the croquet courts and options for replacing/repairing the fencing on both the tennis and croquet courts, hopefully fixing the reticulation system and assisting the Club in some form in relation to the fencing.

President Scott Godley and Life Members Mike Smart, Katrina Smart, Pat Godley, Alec Tryhorn

Croquet is played Saturday and Monday afternoons from 12.30 and over the summer months an extra session has been added on Thursday afternoons from 3.30 to avoid playing in the hottest part of the day. Everyone's welcome - why not come along and give it a go - all equipment provided.

Proudly supported by the Augusta Hotel Motel and Augusta Xtreme Sports

Augusta's Other Lighthouse

Jim Challis quietly turned 80 last month, a milestone in a lifetime of service to the community.

A lifetime and founding member of the Leeuwin Lions, Jim has instilled the community spirit into Augusta with countless projects which continue to contribute to our town. He has been a driving force for decades – a quiet, steady, reliable,

knowledgeable, and thoughtful contributor, with the best outcomes for Augusta at heart, constantly working... as Kay would admit, she has only managed to convince him to take a handful of short holidays during their long marriage.

A small last-minute gathering, sprung by Hotel Manager Shaunaugh, was the only public event to mark Jim's milestone – Kay is hoping a Kimberley adventure will be a fitting break for them both. These milestones

deserve celebrating for a year so please make sure to wish Jim a happy birthday if you see him out and about.

Happy birthday Jim - Augusta's other lighthouse – still reliably looking after our town after all these years.

79th ANNIVERSARY HMAS NIZAM TRAGEDY

The N Class Destroyers Association of WA will be hosting their Annual HMAS Nizam Memorial Service at Cape Leeuwin on Sunday 11th February at 10 am.

31 years ago, in February 1993 N Class members first embarked on the area to respectfully commemorate the loss of ten young N Class sailors lost at sea off Cape Leeuwin and to dedicate the Memorial Cairn in their honour.

On February 11, 1945, at 2215 hrs, HMAS Nizam, was 11 miles south of Leeuwin Lighthouse, when it was struck by a freak wave. The ship rolled 75 degrees and tragically the ten Australian sailors perished when they were swept overboard. These young sailors were aged 18-23 years.

Lest We Forget .. LS Colin Ryder, OS Garnett Hill, OS John Wallace-Barnett, OS Keith Mills, OS Leslie Holloway, AB Victor Keys, AB Alfred Kerr, AB Allen Milich, AB Vincent Richardson and Stoker John Poulton.

After the war ended, N Class Destroyers associations were formed in NSW, Victoria, Tasmania, South Australia, Queensland and lastly Western Australia in 1989. Today Western Australia is the only branch still operating.

Over the years the members of the association have passed to higher service. With only three surviving members left in Australia.

Ron Whitmore WA ex HMAS Nepal, aged 97, George Raphael OAM ex HMAS Norman, VIC aged 97, and Doug Wickens ex HMAS Nestor/Norman/Napier, NSW aged 102.

Unfortunately, none of our three surviving members are able to travel the distance due to poor health and age.

Three of our widows will be attending, Gwen Hammond aged 99, Aurelia Haley and Joan Donaldson aged 96 travelling from Victoria.

Family members now form the very strong association together with affiliate and honorary members from all over Australia. Associate Membership is open to any direct descendants of

N Class Sailors and Affiliate Membership, to anyone who has a keen interest in our association.

The Memorial Wall, which stands alongside the Cairn, was dedicated in 2002 by Past Patron of the N Class Destroyers Association, Rear Admiral Phillip Kennedy RAN (Rtd). Twelve plaques were originally positioned on the wall, which is now nearly completely full with 121 plaques.

On Saturday afternoon, 10th February, the Naval Band will perform a free concert at the Augusta Hotel on the lawn area and will also provide full support together with the HMAS Stirling Officers, LCDR Keith Bromfield and Command Warrant Officer, Thomas Costello, OAM and a magnificent catafalque party at the Memorial site on Sunday morning.

Chaplain, Barrie Yesberg PCHA RAN (Retd) will be conducting this years' service and we sincerely thank Barrie for his support.

A special thank you to the Leeuwin Lions and Margaret Martin who always support us each year. Sincere thanks to our Patron, Jim Challis and staff at the Augusta Hotel who have welcomed our members and guests over the past 31 years.

A new flagpole was purchased last November, to replace the old one which was rusted through. This is being concreted back in place where the old one was by local residents. Thank you.

We welcome everyone to the free Navy Band concert on Saturday afternoon and most importantly the Memorial service on Sunday morning commemorating the 79th Anniversary of the HMAS NIZAM Tragedy. "LEST WE FORGET"

Give back and get a lot.

Supporting your community is one of the best ways to get to know it. In such a social and inclusive group, you'll be surprised that some of the friendships you'll make can be nearly as rewarding as the good you're doing for your town.

You'll get St John certified training and the team support you'll need, plus you can pick your own hours.

See how people exactly like you can help head to stjohnchangelives.com.au or give our Chairperson Brendan Jordan a call on 0477 970 415, or email augusta@stjohnambulance.com.au

Help keep your ambulance service strong in Augusta.

Life goes on.
Volunteer with St John.

A great Market Morning again at the rear of the Church Monday the 15th. The word is out about the fresh produce and the variety on offer, so

much so that even a local boomer kangaroo came to check it out! See the photo. You may have heard already that our market morning operates Mondays between 9.30 & 10.30 am and is staffed by member volunteers.

The special event on that day was a 'Clay Workshop' for Primary

school age children run by Patti Foster. We gathered on the southeast verandah of the Uniting Church and thankfully it was a perfect day with just a little breeze. Thanks to the 2 volunteers on the day Sandra Williams and Ros Oxley who were invaluable. 8 young ones kept us very busy with their imagination & own ideas following a demonstration by me. Always some difficulties understanding the variable needs of clay. Creating... drying slowing... followed by kiln firing. Every stage has its needs. I expect this should be completed around mid to late February.

When the pieces are ready for collection, I will pop a note on Augusta community notice board & the Augusta community garden Facebook page.

Together Ministries

The Way of Life

What is the point of your life? When you die, what happens? Does God exist and can you know Him? Is there a heaven and a hell? Do people go to heaven when they die? What if God asks you, why should I let you into my heaven? What would you say?

There is good news! People are separated from God, but God loves you. You are separated from God by sin, but God still loves you.

Sin brings death. God's Word says sin entered the world through one man and death came through sin. Death comes to all men because all sinned. Sin brings judgement, people are destined to die once and after that face God's judgement. (Hebrews 9:27.)

People try to bridge the gap with the likes of good works, religion, self-development, and being moral. But sin still cuts us off from God.

No one is righteous, no not one, (Romans 3:10). But God loves you and has provided a wonderful salvation. Christ Jesus died for us (Romans 5:8). God raised Jesus from the dead and Jesus removes the blockage of sin. For there is one God and one mediator between God and man, the man Christ Jesus who gave Himself as a ransom for all people. Christ died for our sins once and for all, the righteous for the unrighteousness, to bring us to God. (1 Peter 3:18.)

How can you respond to God's plan? Accept and believe that Jesus died for your sins. Ask to receive God's gift of eternal life. To all who received Him, to those who believe in His name, He gave the right to become the children of God. (John 1:12.)

How can you receive Jesus as your Saviour? Tell Him you are sorry for your wrongs. Thank God that Jesus traded places for your sins and punishment. John 5:25, I tell you the truth, whoever hears my word and believes in the one who sent me, has everlasting life and will not be condemned, but is passed from death to life.

CIVIC PARK GOLF CLUB AUGUSTA INC

By **HERMAN GERRITSEN - SECRETARY**

Welcome to another year, and a windy one it has been up to now. At least the demersal fish are safe.

Fortunately for the par 3 Golf Club, located next to the recreation centre, there has been no major damage on the course apart from the persistent leaves falling on some of the fairways. The strong winds have seen the course being well used by the many visitors who come to town this time of year. After all, how many caves can you explore or how many wineries do you need to visit?

Considering the extreme heat we have had in the last week or so, the course is in a reasonable condition. This is due to the efforts of a small group of members who have worked hard to improve the course by mowing fairways and the surrounds regularly and replacing sprinklers. Quite a bit of money has also been spent on fertiliser and soil improvements.

Our membership is between 50-60 members, but the unfortunate part is that only about 20% of these people play as part of the Club or help with its maintenance. We would love to see this increase so greater improvements can be made to the course. It not only is a benefit to the players, but also a tourist attraction for visitors, whether it's for a game with the kids or just a leisurely walk through the bush.

So why not come and join us! We don't take the game seriously, and we usually finish within 2 hours. You may even enjoy it. Believe me, there are many variables which even up the field.

With the New Year here, membership fees for 2024 are now due. Membership is still only \$50.00 per year, which has

not changed for a few years. Green fees are \$10.00 per game which makes an annual membership a viable option as it covers all the green fees for the year. Membership fees to the Civic Park Golf Club can be paid in the following ways:

1. At the Shire Offices in Augusta.
2. At Xtreme Sports – next to the BP service station Augusta.
3. Directly into the Clubs new bank account (Civic Park Golf Club Augusta)

**Bendigo Bank
Civic Park Golf Club
BSB 633-000
Account 209-162-080**

If using Option 3, please ensure you add you name to the bank payment and send us your email address and your home address, so your Membership Card can be mailed to you, and you are kept up to date with Club information and activities.

The Club's AGM will be held on **Wednesday 21st February 2024** in the Augusta Council Chambers commencing after golf at 10am. All positions will be declared vacant, and we would like as many members as possible, and potential members to attend to ensure the future of this great little Club.

Looking forward
to seeing you there.

Herman Gerritsen, Secretary

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
<p>Bunuru (February - March) The Noongar Season 'Bunuru' is represented by the colour orange and is the hottest time of the year with little to no rain. Hot easterly winds continue with a cooling sea breeze most afternoons – if you're close to the coast. Traditionally this was, and still is, a great time for living and fishing by the coast, rivers and estuaries. Because of this, freshwater foods and seafood made up major parts of the Noongar people's diet during Bunuru. Bunuru is also a time of the white flowers with lots of white flowering gums in full bloom, including jarrah, marri and ghost gums. Another striking flower to look out for is the female zamia (Macrozamia riedlei). Being much larger than its male counterpart, the huge cones emerge from the centre of the plant with masses of a cotton wool like substance. As the hot and dry weather continues, the seed cones change from green to bright red, indicating they're ripening and becoming more attractive to animals, particularly the emu, that will eat the toxic fleshy outer layer. MONDAY, 4 MARCH
Cape Track Walk by Friends of the Cape
 4.5km circular walk starting opposite the water wheel at 9:00am. Bookings essential, please visit the website to register.

BOBBING FOR COCONUTS - Introduction to Biomimicry

By JAY HARMAN

Each year, just fifteen cargo ships spew out as much acid-rain-creating sulfur dioxide and pollution as the world's cars combined. The global fleet of large ships numbers over 50,000 and uses 370 million tons per year (at about \$600 per ton) of the nastiest, filthiest, highest-emission bunker fuel. It smells and looks like liquid bitumen. When seaweed and barnacles accumulate on a ship's hull, they can cause so much drag that they increase the amount of fuel burned on a voyage by as much as 40 percent. Even today's best, very expensive antifouling paints are effective for a relatively short time and degrade quickly. Ships are taken out of the water, at great cost, every two or three years for fresh paint (most pleasure boats—every year). Effective antifouling paint makes a difference to both the bottom line of running costs as well as atmospheric emissions. Unfortunately, by their nature of being toxic to unwanted seaweed and barnacles, conventional antifouling paints are also highly toxic to the marine environment in general. Sharkskin is inspiring a different way of handling antifouling and so, it turns out, are coconuts and seaweeds.

Many of the world's plants, particularly in the tropics, migrate by floating their seeds on ocean currents. Coconuts are a prime example. You can see them washing up on beaches and germinating in the sand throughout the equatorial Pacific, Atlantic, and Indian Ocean islands. It turns out that many of these seafaring seeds don't suffer from the fouling that you see on ship bottoms. In other words, weeds and barnacles don't take a ride on them. This would be a good survival strategy, since accumulation of heavy growth could cause the seed to sink and never propagate. Researchers at the Biomimetics Innovation Centre in Germany have discovered that a number of palm seeds' surfaces have micro-sized, hairlike structures that constantly move, thereby giving no place for seaweed or barnacles to settle. A new antifouling surface has been developed based on the seeds' strategy. The global consumption of traditional, copper-laden, antifouling paint is around eighty thousand tons per year, costing upward of \$200 per gallon—a multi-billion dollar market with opportunities and good margins for alternative products.

Our pristine Augusta coastline is a joy to visitors and residents alike. Many people think of salt water as a good cleansing agent for wounds and infections, but sea and ocean water is teeming with biofilms of bacteria that coat most fish, reef, and coral. What is a biofilm? If you, like many, leave your wet toothbrush in a glass beside your sink, after a few days you might have noticed a very thin film of something building up in the bottom of the glass. That's not just toothpaste that

didn't get rinsed off the brush but biofilm. Biofilms are clumps of microorganisms that stick to one another and to all manner of surfaces, causing 80 percent of all human infections.

Severe and even fatal infections can be the result of an underwater scratch or nick. When I was a nineteen-year-old cadet Fisheries and Wildlife officer, I dropped a lobster on my bare foot. From a tiny prick of my skin, I ended up in hospital for several days with doctors wondering if I would lose my foot due to biofilm-caused infection. Fortunately, I got to keep the foot, but the experience left me highly conscious of biofilm hazard.

Scientists on a marine expedition off the Australian coast noticed that the surface of *Delisea pulchra*, a red feathery seaweed, was completely free of biofilms even though it was living in a soup of bacteria. They discovered that the plants produced chemical compounds—halogenated furanones—that interfered with the way bacteria communicate and assemble into dense colonies. The Australian company BioSignal Ltd. was established to commercialize the antibacterial features of those seaweed furanones. An obvious potential application was that ship hulls could be coated with synthesized furanones, instead of environmentally damaging, short-lived antifouling paints. Another area of interest was the interior coating of large oil pipelines to prevent the development of corrosion-causing biofilms. This is a classic example of a biomimetic platform technology, one that doesn't fix just a single problem but could make a wide range of existing processes or devices more effective. An outgrowth of the technology transfer program at the University of Sydney, BioSignal was able to utilize university research facilities in its early days and pursued a range of applications including toothpaste to eliminate bacteria-laden plaque biofilms and alternatives to pharmaceutical antibiotics. According to the company, its products have been used as drug candidates for the treatment of lung infections, as well as in various applications, such as water treatment, oral care products, cleaners, deodorants, catheters, and contact lenses and contact lens solutions.

The southwest of Australia is one of the world's most biologically diverse environments. Nature solves the same problems facing humans, but does so in surprisingly efficient and sustainable ways. Jay Harman is sharing a series of examples in the Pelican Post.

Pickleball

By SCOTT GODLEY

The end of 2023 saw the introduction of Pickleball to the sporting options for Augusta locals. Social pickleball is now played on Mondays at 10.30 am and 7.00pm in the Augusta Recreation Centre on the badminton courts.

The sport, which was invented in the USA in the mid 1960s, has similarities between tennis and table tennis (with its own set of unique rules) and is essentially played on a badminton sized court both indoors and outdoors.

In 2023 there were about 5 million players in the USA with its popularity being attributed to its short learning curve, and ability to be played by people of all ages and mobilities.

Within the Shire of Augusta Margaret River there has been a very fast uptake of the sport, and the Shire has come to the party to support the growing sport in various towns and communities.

Augusta is no exception, and thanks to the Shire, now has 4 sets of nets and bats. Co-organiser Scott Godley says that social pickleball has been very popular since it started in early December.

"We have had good numbers at each session, and many of the new players have been thoroughly enjoying the sport and returning regularly. It is a pretty easy sport to learn, and even people with limited racquet sport experience (such as tennis or badminton) are able to learn the basics pretty quickly. It is a good social game, great for hand eye coordination and general fitness"

Social pickleball costs just \$5 with all equipment provided. Players just need to have suitable footwear.

Social Pickleball

All players and learners welcome
Mondays at 10.30am and 7.00pm
at the Augusta Recreation Centre

All Equipment supplied

Cost - \$5.00

Image by Various

Invitations to the Augusta Picnic Regatta on Saturday the 27th January have been sent to the other St Ayles clubs. The racing now includes an additional race from the Turner Street Jetty to the Yacht Club – starting at 8am known as the Blackwood Challenge with a perpetual trophy donated by Peter Wallace, a distance of approximately 3.5 klms (according to Mr Google). The five short course events as per last year will commence at 10am & still finish by 12:30 for lunch under the peppies.

At the time of writing there is the possibility of 9 skiffs competing in most events – RFBYC, Denmark & ourselves with two skiffs each - Nannup, Margaret River & South of Perth Yacht Club with one skiff each – could be interesting to say the least!

The results & photo to follow in next month's edition.

The South Easterlies are currently interrupting rowing activities & hopefully they'll blow themselves out and allow for some windows of good rowing weather let alone the power boat owners who need to restock their freezers with dhuiies & snapper.

The skiff maintenance activities are continuing, the gunnels on Colour Patch have been redone as there was quite a bit of discolouring occurring. Zoom needs to come out for a tidy up after the regatta. The Lioness has had new stretchers made & fitted.

The long weekend in March is shaping up to be busy as we've been requested to host another Camp Quokka day on the Saturday along with the yachties, & the following day a 'Have a Go Row' with the Augusta Community

Development Assoc and their Stand Up Paddleboards. On the social side – Father Xmas was again delivered to the Christmas Carols at Turner Street Jetty with his little helpers to the delight of the children. Father Christmas had a new suit this year courtesy of Rose Gerritsen that also saw an airing at the Yachties Christmas BBQ – last year's suit was held together with cable ties!

The other social function was the enjoyable Christmas Eve bbq breakfast for some 30 people who attended.

Those interested in rowing and /or becoming involved in wooden boat building please do not hesitate to contact us (0400 750967) - check out the photo gallery on the website & Facebook, recycle your drink bottles & cans to our account – many thanks to those who donate to our account.

Images by Ian Ladyman

Hoping everyone has had a great Christmas break. Santa and one of his elves came early down to the AYC. It was a perfect way to finish off the last sail for the season. Some wine and beers were the accompaniment to a BBQ and snacks.

Preceding the frivolous action there had been two races for the catamarans in 18kns from the SE. The first race was a club championship heat. Cliff Hanger led the charge and there was no stopping him. Xena and Escape Route in front of the rest of the pack were in a real dice for the rest of points. After two laps, Cliff Hanger was in the box seat but the rest of the fleet had closed in, Zephyra and Billy M were making their move heading straight for the mark on the down wind leg whilst the others sailing on a dogleg where the wind was stronger.

At the last mark it was neck to neck for third and fourth between Escape Route and Billy M. They battled to the finish, Escape Route third by 37 seconds. First and fastest went to Cliff Hanger and second to Xena.

The second race, a consistency race, had the boats getting battered by a strengthening breeze on the line, a couple of close calls but they all got way, amazing really. Cliff Hanger, Billy M, Escape Route and Zena out in front and Frisky, Yellow Taxi, Zephyr and No Name in a second group.

The breeze was pushing 20+kns, the first lap was done and dusted in no time. The western side of the river was pretty rough and had most sailors tacking into difficulties at least once.

Yellow Taxi and Frisky were at it and just ahead of them Escape Route and Billy M were in a monumental scrap. With one lap to go, Cliff Hanger was half a leg in front when out of the blue came Zena. She had halved the deficit and was flying downwind and by the reach she was in contention. We had the perfect view on

the rescue boat all be it a fair way away, it looked like Zena had it by a small increment. We later learnt, Cliff Hanger fastest by one second on the line. It was a ripper race. For the handicap points, Billy M first, Frisky second and Yellow Taxi third.

The wind from after Xmas to New Years was horrendous, good reason to have a break but on 7/01/24 it was deemed suitable, proved to be only just with 20 to 25kns from the East.

It was really trying conditions, there was no time to check the catamarans out whilst sailing in race one. The handicap results were, first Xena, second Billy M and third Yellow Taxi.

In the monohulls it was a hard flog from the start, Redback were around the first mark miles ahead of Big Red and Pigs Might Fly. The positions hadn't change but Pigs Might Fly was coming back, overtaking Big Red with half a lap to go. Redback was probably finished by then. The handicap results were Big Red Dwarf first, Redback second Pigs Might Fly third. It was classic, all captains and crews had sore hands, no blisters though. The last race was a club championship heat for the cats. The wind had steadied to 20 kns, there was some carnage on the start line. Catatonic dug her nose in and was spat out on the starting line which then put the others into disarray. Eventually they were off and in no time they were back, they were flying. Great strong wind sailing by Frisky and Yellow Taxi had them out in front of Xena and that's how they pretty much finished.

The 14/1/23 was looking the goods, not blowing 30kns anyway. The Monohulls had another club championship heat. The first lap was even but the breeze dropped out and Redback ran away with it, first and fastest. Big Red second and Piggy third.

The cats were very similar with Catatonic fastest and Yellow Taxi first on handicap.

Thank you to the starting box and the rescue boat crews for their valued support.

Bicycle Users Group

Ride to Jewel Cave

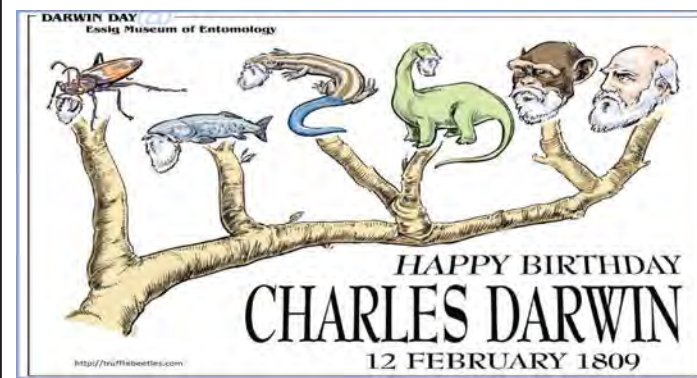

The next ride by the group will be on Sunday, February 18th . The ride will be at a casual pace from the Augusta Community Resource Centre to Jewel Cave, via Calkarri Rise and Caves Road - approx. distance of 18kms. All bikes welcome (includes e bikes). Meet at the Resource Centre at 8.15am for a ride start at 8.30am. A rest stop at the Deepdene cafe at the Cave.

Please advise if planning to participate in the ride.

Contact – Paul Sofilas 0419 940 066 oceans2meet@hotmail.com

Did you know?

The mission of International Darwin Day is to inspire people throughout the globe to reflect and act on the principles of intellectual bravery, perpetual curiosity, scientific thinking, and hunger for truth as embodied in Charles Darwin.

NEXT MEETING:

Our next meeting will be on Thursday February 8, 5.30pm at the Augusta Hotel Conference Room... come along and get involved!

PLANNING SCHEME COMMUNITY CONSULTATION:

The document which governs what future development in our area will look like - AMR Shire's Planning Scheme - is currently being revised and is open for community consultation here: <https://yoursay.amrshire.wa.gov.au/local-planning-scheme-no-2>
A side-by-side digital map at that link can be used to see proposed changes (click on "compare")

MAKE YOUR VOICE COUNT AND COMPLETE FEEDBACK VIA THE YOURSAY WEBSITE BY 5pm WEDNESDAY FEB 28

We strongly encourage you to be aware of proposed changes to zoning and allowable land uses both in our town centre and in greater Augusta, including:

- Changes from 'town centre' to 'residential R40' (including the CWA Hall and Anglican Church)(you will have noticed the change in townsite in the recent "Character Study")
- Omission of riverside / seaside properties from the Landscape Protection map
- Removal of earmarked LIA expansion area (which would otherwise need clearing) without any new expansion area identified
- Change of Shire-owned Lot 1271 from 'General Agriculture' to 'Tourism' (no development plans indicated)
- Various changes of rural zoned land to Conservation
- Various changes in the Zoning Table which shows allowable uses for the zones (refer to Table 3 in the draft Scheme document)

WANT TO GO DOWN THE PLANNING RABBITHOLE?

There is a hierarchy of documents which influence planning which ultimately impacts Augusta as follows:

- The state government's sub-regional planning policy for the Leeuwin Naturaliste Ridge: <https://catalogue.data.wa.gov.au/dataset/state-planning-policy-6-1-leeuwin-naturaliste-ridge-point>
- The state's Leeuwin Naturaliste Sub-regional planning strategy, which describes "principal centres", villages and hamlets (with enclaves)

<https://www.wa.gov.au/government/publications/leeuwin-naturaliste-sub-regional-planning-strategy>

- The AMR shire planning strategy (parent document of the planning scheme currently under review)
 - Townsite, village and hamlet strategies
 - The recent "Character Study", which seemed to have pre-shrunk the town centre and was the first indication of the town centre planning scheme changes we are reviewing
- <https://www.amrshire.wa.gov.au/planning-and-building/local-planning-and-mapping/local-planning-strategy,-scheme-and-plans>

Then there are local planning scheme maps as well as structure plans for individual developments here:
<https://www.wa.gov.au/government/document-collections/shire-of-augusta-margaret-river-planning-information>
This link also covers other precinct plans.

HAVE YOUR SAY HERE:

<https://yoursay.amrshire.wa.gov.au/augusta-projects>

NATIVE ANIMAL DEATHS:

We have heard about several native animal deaths in various locations. Experts suggest these may be due to lack of access to fresh water, or poisoning via rodent bait.

Providing fresh water baths in safe locations is the best way to help out. Avoiding rodent bait is best or take guidance from owlfriendly.org.au, which advises, "If baits are a necessity, choose only First Generation ones with active ingredients Warfarin (e.g. in Ratsak Double Strength) and Coumatetralyl (e.g. in Racumin). Wildlife and pets can cope with these relatively well when taken in through secondary poisoning".

If you find a sick native animal, call Kerry and Dave at Wildlife Rescue on 0437 200 605. Report native animal deaths via belloymolloy@gmail.com

FRIENDS OF THE SOUTHERN WADANDI:

The Friends of the Southern Wadandi group is working with our Shire to find ways to progress construction of the Wadandi Trail, hopefully from Augusta to Karridale. There is plenty of rehab, weed wacking and "finding the trail" to be done! If you would like to get involved, or come along on a Wadandi Wander, please get in touch! augusta_acda@yahoo.com

STREETSCAPE & TOWN CENTRE WORKSHOPS:

Thanks everyone who attended our two streetscape / town centre workshops - they were important community conversations, and your input is incredibly valuable in helping us provide well-informed feedback to the shire, and try to move forward in delivering community projects which meet the needs of the community. Key priorities included:

- Traffic calming, Reduced speed limit, Diversion of large / long vehicle traffic via Allnut terrace
- Ability for town to "grow" - Use of whole town centre (refer to section regarding planning scheme)
- Safety in carparks (walking behind cars, delivery trucks, prioritise pedestrians, review laneway access)
- Wider alfresco / thoroughfare space

Augusta Land and Coast Care Group and Augusta Community Nursery

By PRUE LEEMING

The Augusta Community Nursery was busy in the latter months of 2023 generating new plants for the 2024 planting season. Watering at the nursery has always been dependent on an unreliable battery-powered reticulation system. Augusta Lions has now funded the hook up of power from the Recycling Shed to the Nursery. The connection of the programmed reticulation system to mains power will alleviate our duties of checking on the watering system this summer and the assistance from the Lions is gratefully acknowledged.

The Coast Care Group has been working along revegetated sections of Redman Brook at Flinders (See Plan below). Rejuvenation of Redman Brook has been tackled in sections since 2019 after the Shire commissioned a Management Report as follows:

Section 1 (~78m) (Reserve 24653) Coast to Davies Rd:

The mouth of the Brook and last 30m is dominated by native vegetation and revegetation - the next 40m to Davies Road was a weed-dominated man-made drain with steep sides and very little vegetation. (See photos showing planting and results below.)

Section 2 (~93m) (Reserve 24573) Davies Rd to Peppermint Drive: The western edge represents cleared and landscaped open parkland with managed grass and trees. The eastern portion is a vegetated creek line with weed-dominated understorey and groundcovers and a mature canopy of WA Peppermints.

Section 3 (~115m) (Reserve 24538) Peppermint Drive to Wishart Rd:

The northern portion of this section is a narrow reserve with weedy vegetation dominating the stream channel adjoined by cleared parkland on the western side. The southern portion is very overgrown with a mix of peppermints, some natives and a broad range of woody, climbing, geophyte and herbaceous weeds.

Rehabilitation of Section 1

This coming winter more plants will be added along the upper area of the banks.

Herbie Whittall and Ian Threlfo on initial planting in June 2021

Well grown plants but battered by recent strong winds

Heard on the green

By KAY CHALLIS

December/ January has been a very busy time for our local bowlers. As well as competing in our own local championships, members have been travelling all over the South West to participate in inter club competitions. Our members have been spotted playing in far away places such as Mandurah, Brunswick, Harvey, Eaton and Bunbury and recently Owen Rafferty, Alan Gordin, Allan Evans and Gary Dial took out one of the main prizes in the Cowaramup two-day carnival. One wonders just how they are all keeping up with their day jobs?

Moving into February presents a huge challenge for our club as we host two two-day carnivals. The Men's Open fours will take place on 7/8th February and will be followed two weeks later by the Ladies Open Fours on 24/25 February. Each of the carnivals attracts over 100 visitors to the town and provides a real boost to the local economy.

Just a reminder to all locals that Corporate Bowls will begin the 8 week season on the 14th February. Allan has already received some early nominations but is now keen to finalise the programme so asks that all interested teams please contact him with team names and registrations. This year, apart from much fun and frivolity there will be great weekly prizes along with the usual meat raffle kindly donated by our local butcher Mick, and we all know the wonderful quality of his meat. All in all, a great fun night is guaranteed along with the opportunity to boost the family budget.

Local Champions this year for the Ladies competition; Singles Champion is Gwen Rafferty with runner up being Nikki Rodda. Pairs champions are Gwen Rafferty and Wendy Wilson with runners up Dee Harrison and Nikki Rodda. We suspect that Gwen may be receiving some secret coaching from her partner Owen. It is particularly pleasing to see our newer players such as Nikki and Jacqui achieving such good results, particularly in the singles competition. This would prove that practice really does make a difference as these ladies spend an amazing amount of time practising to improve their game. They also participated recently in a coaching session held at the club which seems to have shown positive results. Well done to all competitors. Meanwhile the Men's championships were also taking place with the final Champions being; Triples Champions are Owen Rafferty, Gary Bibby, and Allan Gordin. The Fours Champions are Owen Rafferty, Alan Gordin, Gary Bibby, and Eric Donaldson. Congratulations to you all.

Saturday pennant team currently sits in 2nd place on the ladder so has a good chance of playing off in the finals. Tuesday pennant team currently sits in 3rd position and would need some interesting results over the next couple of weeks to provide an opportunity to compete in the finals.

This year the clubhouse and greens have been very well used not only by locals for end of year celebrations, but also by tourists staying in the town over summer. We find that holidaymakers are always seeking different activities to occupy the family over the holiday period and what is more fun than in an interfamily bowls competition to satisfy bragging rights.

We are pleased to have the club used by the public to provide family fun and hopefully spark interest among the younger people in the community. After all they are our future bowling fraternity.

A belated Happy New Year to all and we look forward to seeing you on the greens during the year.

LET'S CELEBRATE

Do you know someone in the local area that has a birthday coming up? An important anniversary? Or a newborn baby? Drop us a line and send in a photo to editor@pelicanpost.com.au and we will publish it for free and help you celebrate.

Garden Gossip

By SUSIE BUTCHER & PAULA HIGGINSON

Images by Susie Butcher

Happy New Year everyone, I hope you all had an enjoyable and relaxing summer break.

The Garden Club had two successful raffles outside of the IGA in December. This means that even though we didn't hold our annual Spring Show last year, we are still able to make our yearly donations to the local volunteer fire brigades.

Winners of the first raffle on Saturday 9th December were:

- 1st Prize** Large Hamper - Maggie
- 2nd Prize** Small Hamper - Helen Caroll
- 3rd Prize** 6 Bottles of Wine - Greg
- 4th Prize** 2 x Christmas Cushions - Shelley

The second raffle held on Thursday 21st December had not been drawn before this month's deadline, but the winners will get a mention in the March issue. Our first meeting of 2023 is our AGM and will be held on Monday 19th February at 1.30pm. The venue is the Dr John Williams Meeting Room, Leeuwin Aged Units, 194 Blackwood Avenue.

Gardening tip for February:

February is the time to start planning and planting autumn and winter flowers and vegetables. This is also the moment to cut and dry herbs to be used during the winter months and to save mature seeds from your favourite flowers. Make sure seeds are fully dry to avoid them rotting. They can be placed in a clean dry jar, or envelope, with a few grains of rice to absorb any excess moisture.

The deadline for submissions to The Pelican Post

By KATHY TRITTON
Image by Kathy Tritton

The Augusta Historical Society Inc.

Hello and welcome to 2024. Hoping you have all had a good start to the new year. We finished 2023 with a well-attended and enjoyable Christmas party. Thank you to those who brought along people and items to present and discuss.

We held a fun quiz which took everyone into the museum to test their knowledge. This included much discussion and laughter. Congratulations to the winners Ray Hart and Jill Perkins.

Also, congratulations to our raffle winners – Maggie, Mary and Roly and thank you to everyone for their donations to make up these wonderful prizes.

Congratulations also to Margo and Maureen, winners of the door prize (Hmmm, I think my name starts with the wrong letter!! I am seeing a pattern here).

We have had a good year and are looking forward to seeing what this one will bring.

We started off the year with a talk presented by Bill Bunbury. He and his wife Jenny presented his book Many Maps – Charting Two Cultures, which looks at

the way two contrasting societies often misunderstood each other. This was very well received by a small but enthusiastic group.

Looking forward to more interesting and informative speakers over the next few months which we hope will include Guy de la Bedoyere again. Looking forward to seeing you all there. New members are encouraged to join, and visitors are welcome.

Our next meeting is 15th February, 7pm in the Historical Society meeting room next to the museum.

WheelChairs for Kids

By MURRAY CARTER

Following the raffle that we conducted outside the Augusta IGA on the Friday December 1st, the winners are:

1st prize Christmas Hamper and \$40 Augusta IGA Store voucher - Betty Anne Jeffery

2nd prize original water colour painting and \$25 Augusta Store voucher - John Walker

3rd prize Hand crafted Quilt and \$15 Augusta Store voucher

A special THANK YOU to the generous people of Augusta who partook in the raffle to help provide funds to enable us at Wheelchairs for Kids to build more Wheelchairs for disabled children.

Wheelchairs for Kids Australia is both excited and pleased to announce the appointment of Mr. Graham Edwards AM as our Patron making a significant moment in the organisation's commitment to enhancing the lives of children with disabilities.

Graham, a bilateral leg amputee, epitomises the transformation impact of assisting technology on the lives of individuals with disabilities. His rich career, spanning

military service, political leadership and tireless advocacy, aligns seamlessly with the mission and values of WFKA.

Graham brings a wealth of lived experience and a deep commitment to helping people through his various government and community roles. He was a parliamentarian with the State Legislative Council from 1983 to 1997 and Federal Member of the House of Representatives in the seat of Cowan from 1998 to 2003 and has had a long association with the RSL.

Reflecting his extensive community service to both veterans and people with a disability, Graham was awarded the Order of Australia 2012 and WA Senior of the Year 2016.

On behalf of everyone at Wheelchairs for Kids we would like to wish everyone a very Happy Christmas and a Safe and Blessed New Year for 2024.

The next Wheelchairs for Kids raffle will be held outside the Augusta IGA on Saturday 24th of February, 2024

Augusta Wildlife Care W.A. Inc.

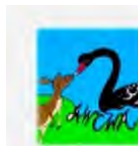

Rescue Rehabilitation Release of Australian Wildlife

This is George the Bearded Dragon

'George is lucky to be alive after being found in the Coles car park trolley return area, in Margaret River. He was rescued by a lovely couple from Augusta and passed on to Dave and I. We kept him in care for just over a week, collecting bugs and worms to fatten him before he was released back into the Margaret River bush,' Kerry explained. 'We hope he is happy and safe where he is. Good luck George, and thanks to everyone who cares enough about our wildlife to rescue them and call Dave and I to take them into care.'

Dragon Facts: 'All bearded dragons have a chameleon like colour, either blending into their environments or presenting brighter displays during interaction with others ... These dragons display a behaviour ... they will wave one of their fore legs to trigger a response from a potential rival or mate. Another typical behaviour is head-bobbing amongst males, perhaps related to dominance within their social order. They are often seen basking on fence posts. They usually lay egg clutches of 5-9, though clutches of up to 15 have been recorded.' - *Atlas of Living Australia, Pogona minor: Dwarf Bearded Dragon* bie.ala.org.au

Great Support

Very delighted Kerry Bell, wildlife carer, received a \$500 IGA Community Chest cheque for AWCWA from Paula Price. Thank you so much to IGA Augusta for supporting community groups this way and thanks too for supplying a fundraising area

at their doors! Our very successful Christmas raffle raised \$1330 with thanks also to Margaret River Chocolate Co., Margaret River Produce & Pet, Brown Hill Estate, Paul Sofilas & Dean's busy bees donations.

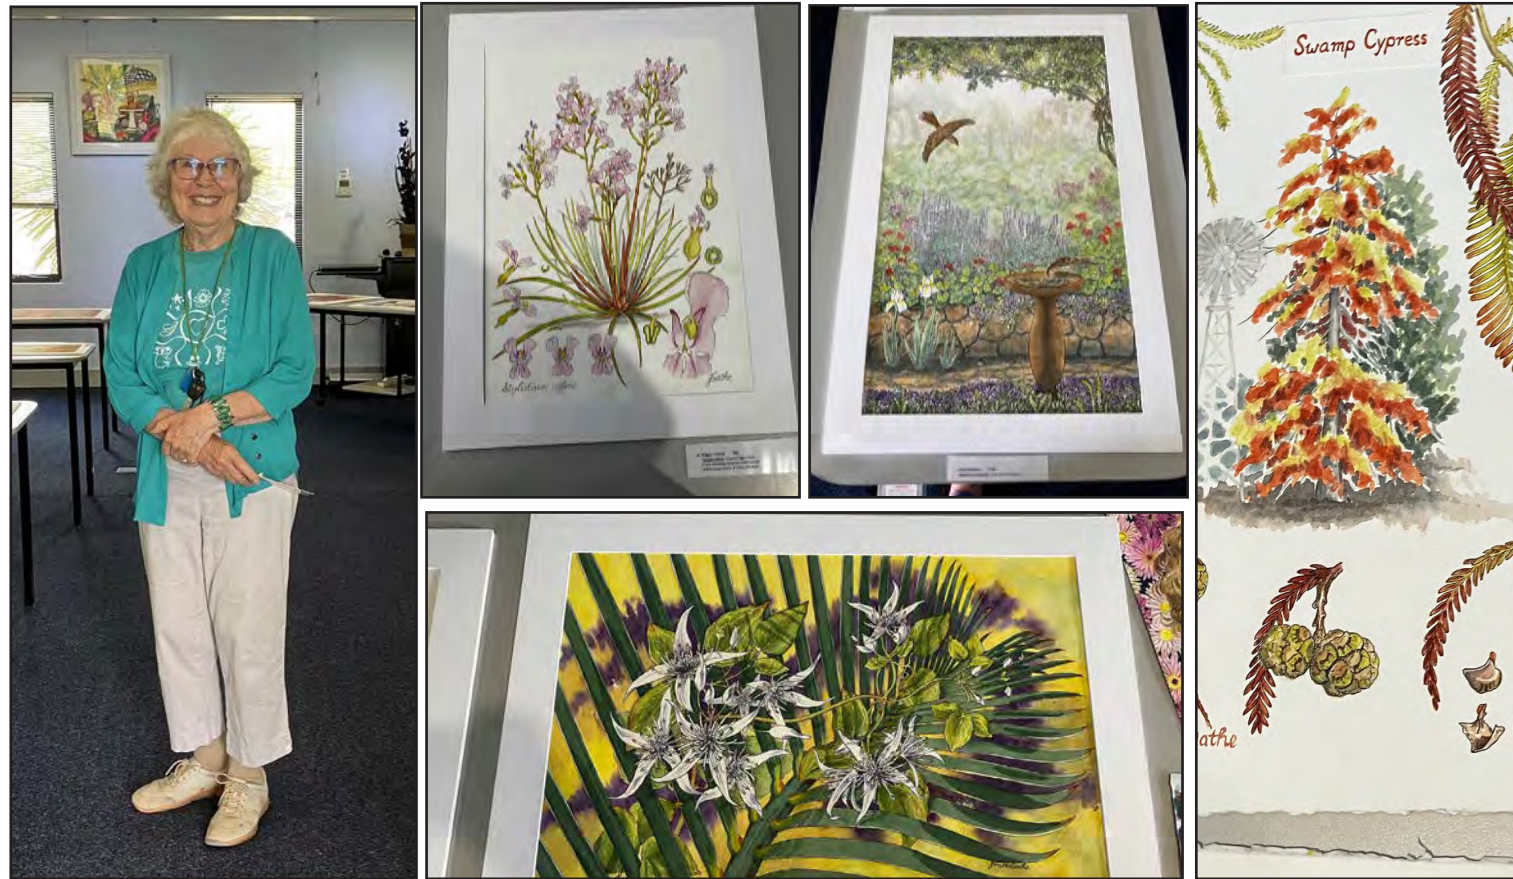

Thanks also to Augusta Hotel's Friday night meat raffle in collaboration with Augusta Meats, with Joey helping out, raising \$630! With bugs, worms, seed, fish, grain, milk & insectivore powder, petrol,

medical, insurance and tranquilliser gun registration costs this will be very valuable help so thanks one and all for your contributions to our Augusta Wildlife Care.

Vacation Care

January 2024 Holiday Fun

Wow our third January school holidays of operating and we think it's our best yet! We have loved providing a safe, fun and creative space for our Leeuwin Kids.

We would love to say a massive thank you to our educators who are beyond amazing and professional. The Augusta Primary School for allowing us to lease the venue, the board for tackling all the administration as well as the amazing support of the families and our community, without you we would not have been able to deliver this fabulous service.

Enrolments are open anytime, so if you wish to have all your paperwork completed for next school holidays please scan the QR code on the right or email info@augustachildcare.org.au.

Our early childhood service is also underway if you would like to join the waitlist please scan the QR code below:
Knowing the children's ages and preferred days helps us to plan our service and staffing accordingly. You will also be the first to hear when enrolments open! This information will also be vital in assisting with extra funding for this community run essential service.

Your monthly guide to pests, weeds and diseases

February 2024

Eggfruit not so Eggsellent!

Eggfruit caterpillar feeding inside a developing tomato, and the adult moth (Image source: MyPestGuide public reports).

In a world of Solanaceous garden delights such as capsicums, tomatoes, chillies and eggplants, an unwelcome pest often goes unnoticed until harvest time: *Sceliodes cordalis*, more commonly known as the eggfruit caterpillar. This common garden grub has a craving for plants belonging to the Solanaceae family and can turn your hard-earned produce into a feast for their insatiable appetite.

Biology and management

Eggfruit caterpillars begin their journey when the small brown moth lays her tiny, white oval eggs. These eggs are predominantly laid on the stem or calyx of the developing fruit. They hatch tiny white ravenous caterpillars, which bore into the fruit through the stem or calyx. This disguises their entry point. Munching and pooing their way through the inside of the fruit, the caterpillars often turn bright pink or red in colour as they mature. Eggfruit caterpillars are particularly hard to detect as there's rarely any external signs of infestation of the fruit. These gluttonous grubs eventually chew their way out of the fruit to pupate, and later emerge as adult moths.

Controlling this pest can be challenging and requires well-timed management during all life stages. Make sure to remove any weeds from the Solanaceous family (e.g., nightshade) to reduce

their breeding sources in the garden. Moths and eggs can be controlled using light traps, or by spraying insecticidal soap on the calyx. These soaps can affect the delicate wings of the adult moth, making it too slippery for her eggs to stick to the calyx, and may also desiccate the eggs. As freshly hatched caterpillars, there is a very short window for control before they enter the fruit. Target the stems and calyx with caterpillar control products. Look for ingredients such as spinosad or the biological control 'BT' (*Bacillus thuringiensis*). These insecticides become virtually ineffective once the caterpillars burrow into the fruit, as they are well-protected inside. If infested fruit is found, remove and discard to break their lifecycle.

Report your capsicum criminals!

Although eggfruit caterpillars are a well-established species, it's the small white caterpillars that may be confused with the larvae of the non-established and reportable Queensland fruit fly (Qfly). Qfly is a significant pest of over 300 fruits and vegetables. You can report suspicious larvae in your produce to MyPestGuide or contact the Pest and Disease Information Service by sending in photos of the larvae and cut-open fruits. Report early to keep your Solanaceous garden delights safe from unwelcome feasters!

OPPORTUNITY KNOCKS TO PROMOTE YOUR BUSINESS AND SUPPORT YOUR LOCAL PAPER WANT TO BE PART OF THE PELICAN POST?

The Pelican Post will be running some additional articles around activities, new items of interest and extra editorials. If you would like to take advantage of these great new pieces and become a sponsor that promotes your business, please contact us at editor@pelicanpost.com.au and let us know what connects with your business.

Some examples may be to sponsor a prize for our puzzle page, sponsor an article with our new recipes with your logo or create and sponsor a piece with your business logo.

We'd be happy to meet with you to look at the best way to promote your business while supporting your Pelican Post.
